

- FY24-25 - Will need two board members
16. Personal Property Replacement Tax –
 - Distributions are made in Jan., March, April, May, July, Aug., Oct., and Dec.
 - For those that don't know, Personal property replacement taxes (PPRT) are revenues collected by the state of Illinois and paid to local governments to replace money that was lost by local governments when their powers to impose personal property taxes on corporations, partnerships, and other business entities were taken away.
 - Only taxing districts that collected and received personal property taxes for the 1976 tax year for Cook County or 1977 tax year for the remainder of the state are eligible to receive PPRT payments. Taxing districts that were created after 1977 are not eligible to receive PPRT money since they did not experience a loss in revenue.
