#### FROM THE EDITOR'S PEN

The year 1960 brought many more changes in the "Echo." The use of more pages and more pictures is the most noticeable change. Among the more important features is the use of Satellite Division inserts. These along with the cover have given this year's annual a much more enchanting and desirable appearance.

The 1960 "Echo" was published by the American Yearbook Company and the photography was done by Burch of Davenport, Iowa.

The annual staff has been working very hard on the "Echo" all year and they are sure it is one of the best annuals ever printed.

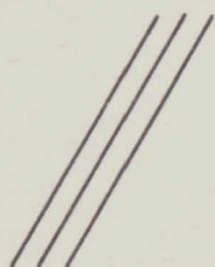

Cecil Cox, Dick Wilbur, Business Managers; Janice Roller, Dan Adair, Layout Editors.

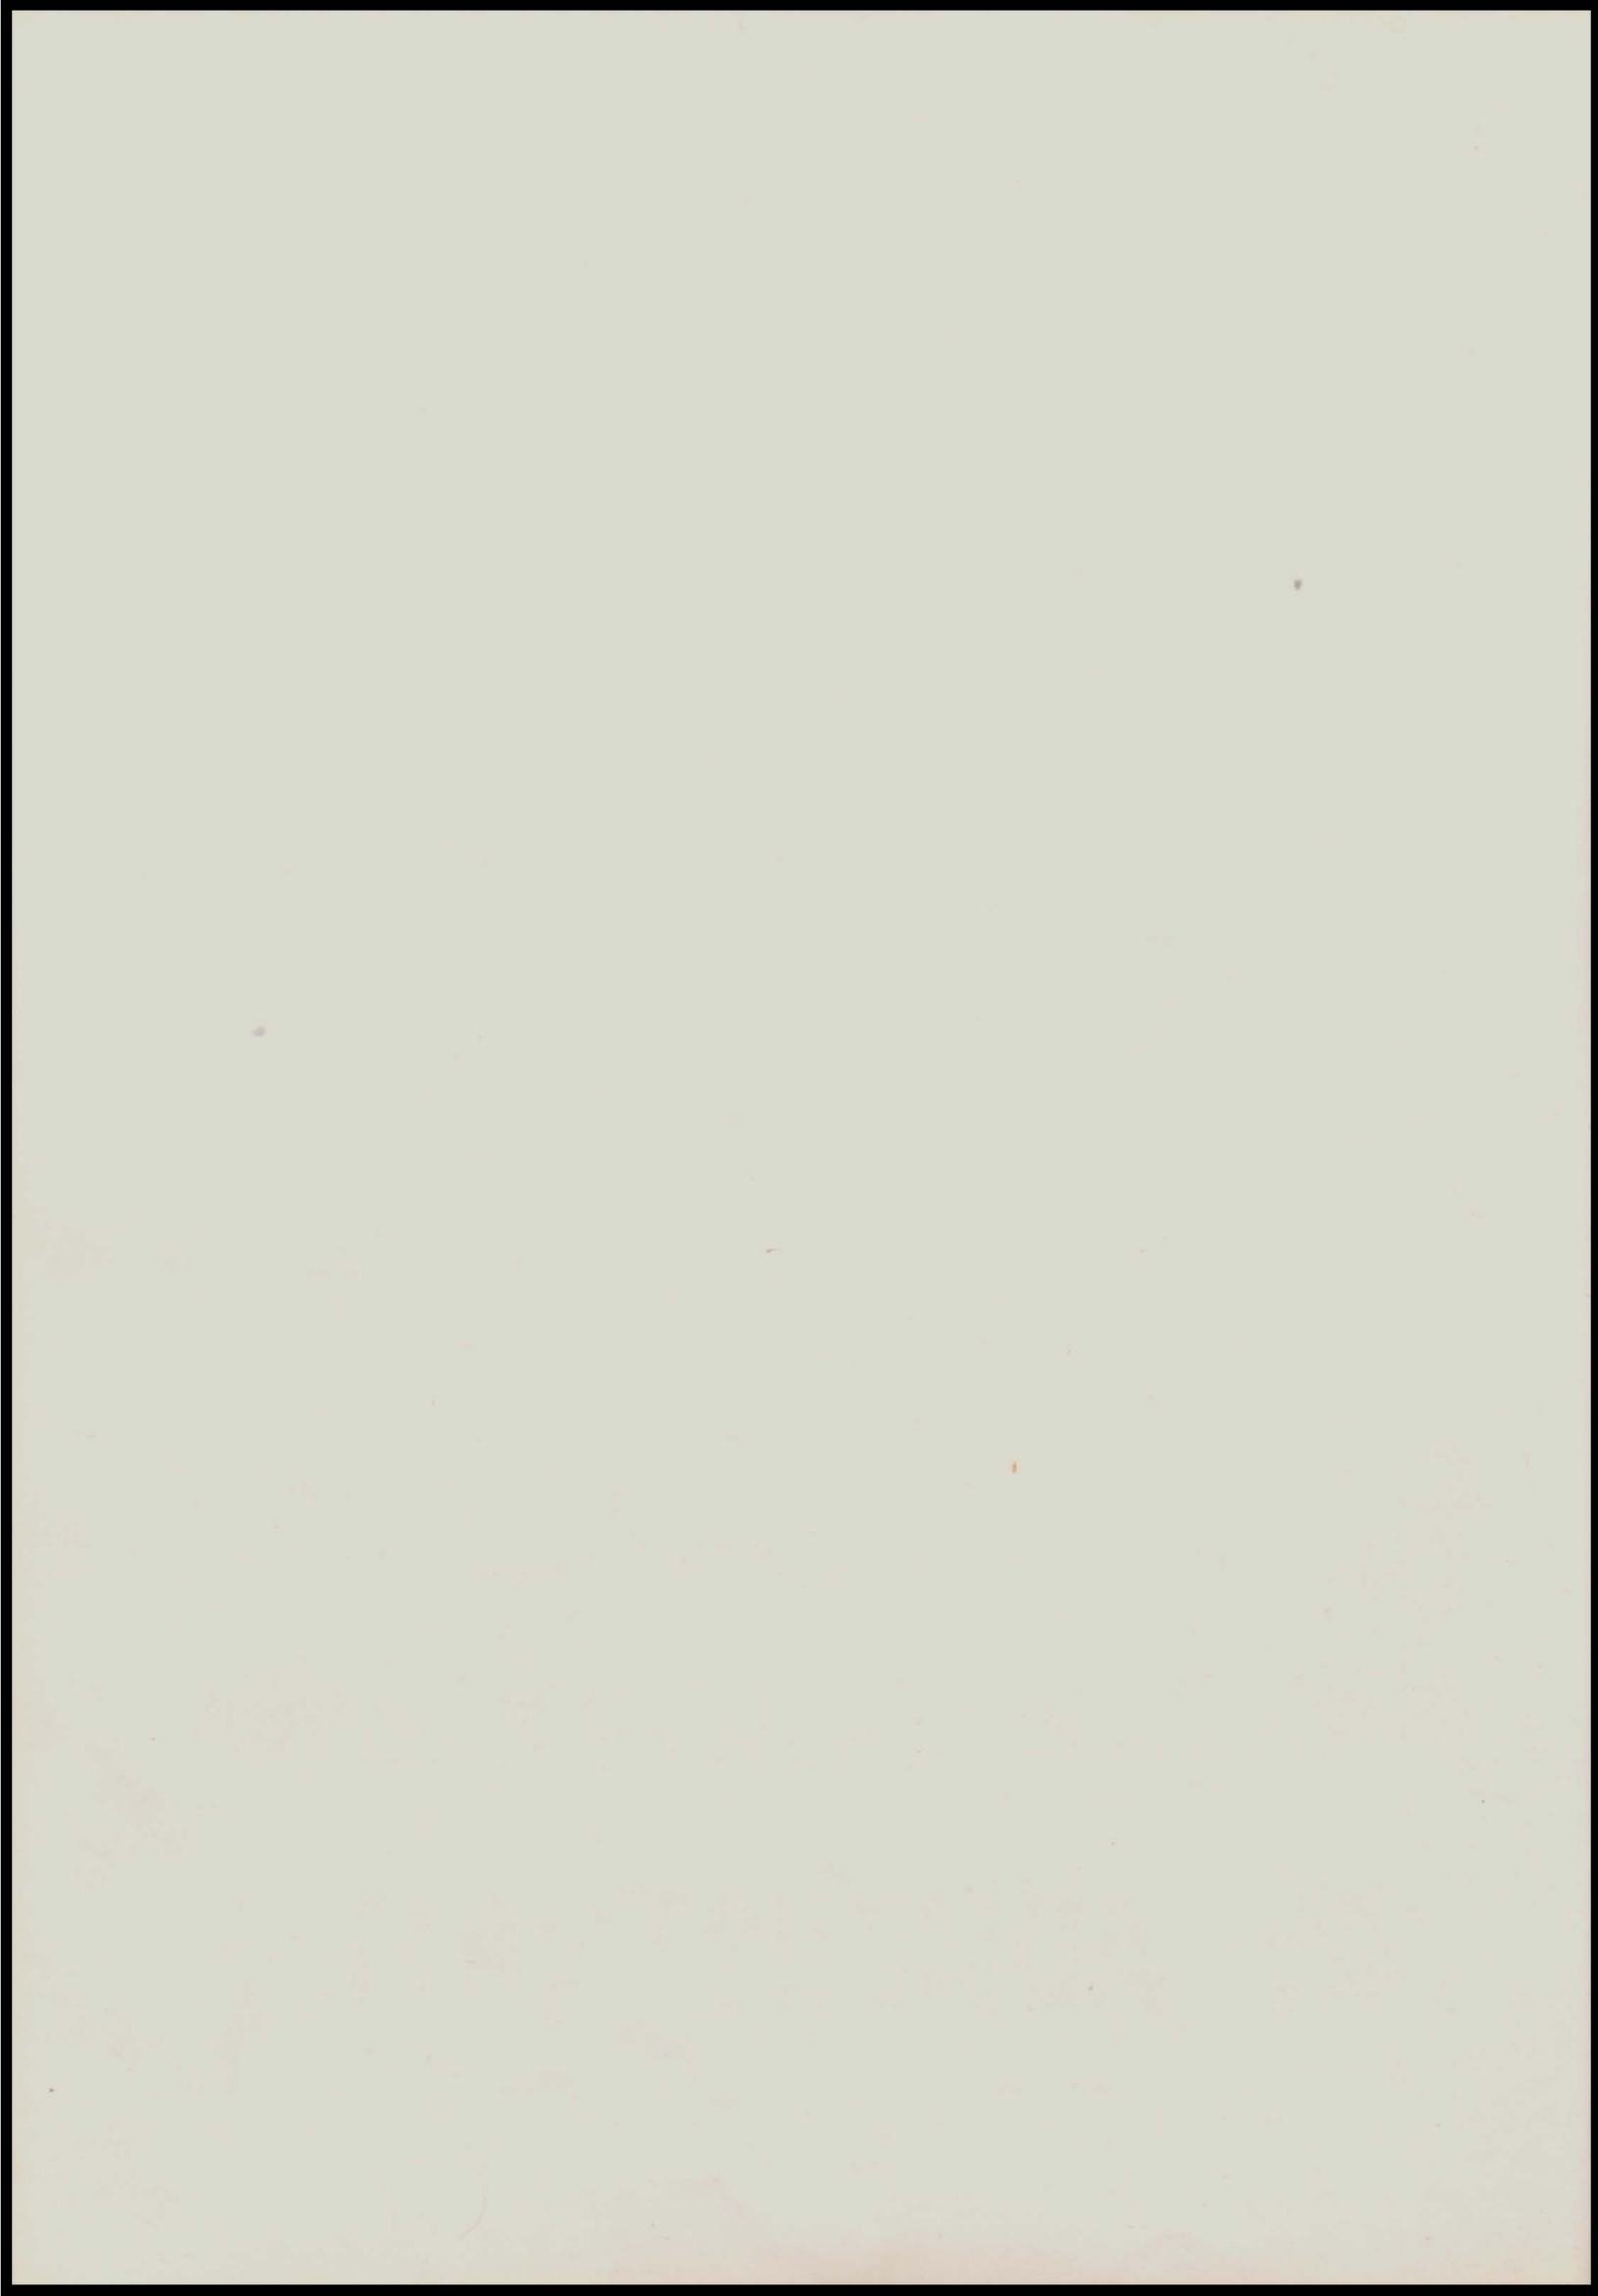

# ADMINISTRATION

## ADMINISTRATION

Max R. Pogue

Mr. Pogue, our principal, donates much of his time to benefit the students of our high school. His projects range from athletic events to substituting for a teacher, chaperoning parties, and listening to the problems of all the students. We, the echo staff, appreciate his willingness to help us in the organization of the yearbook.

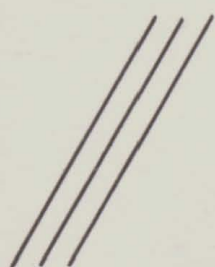

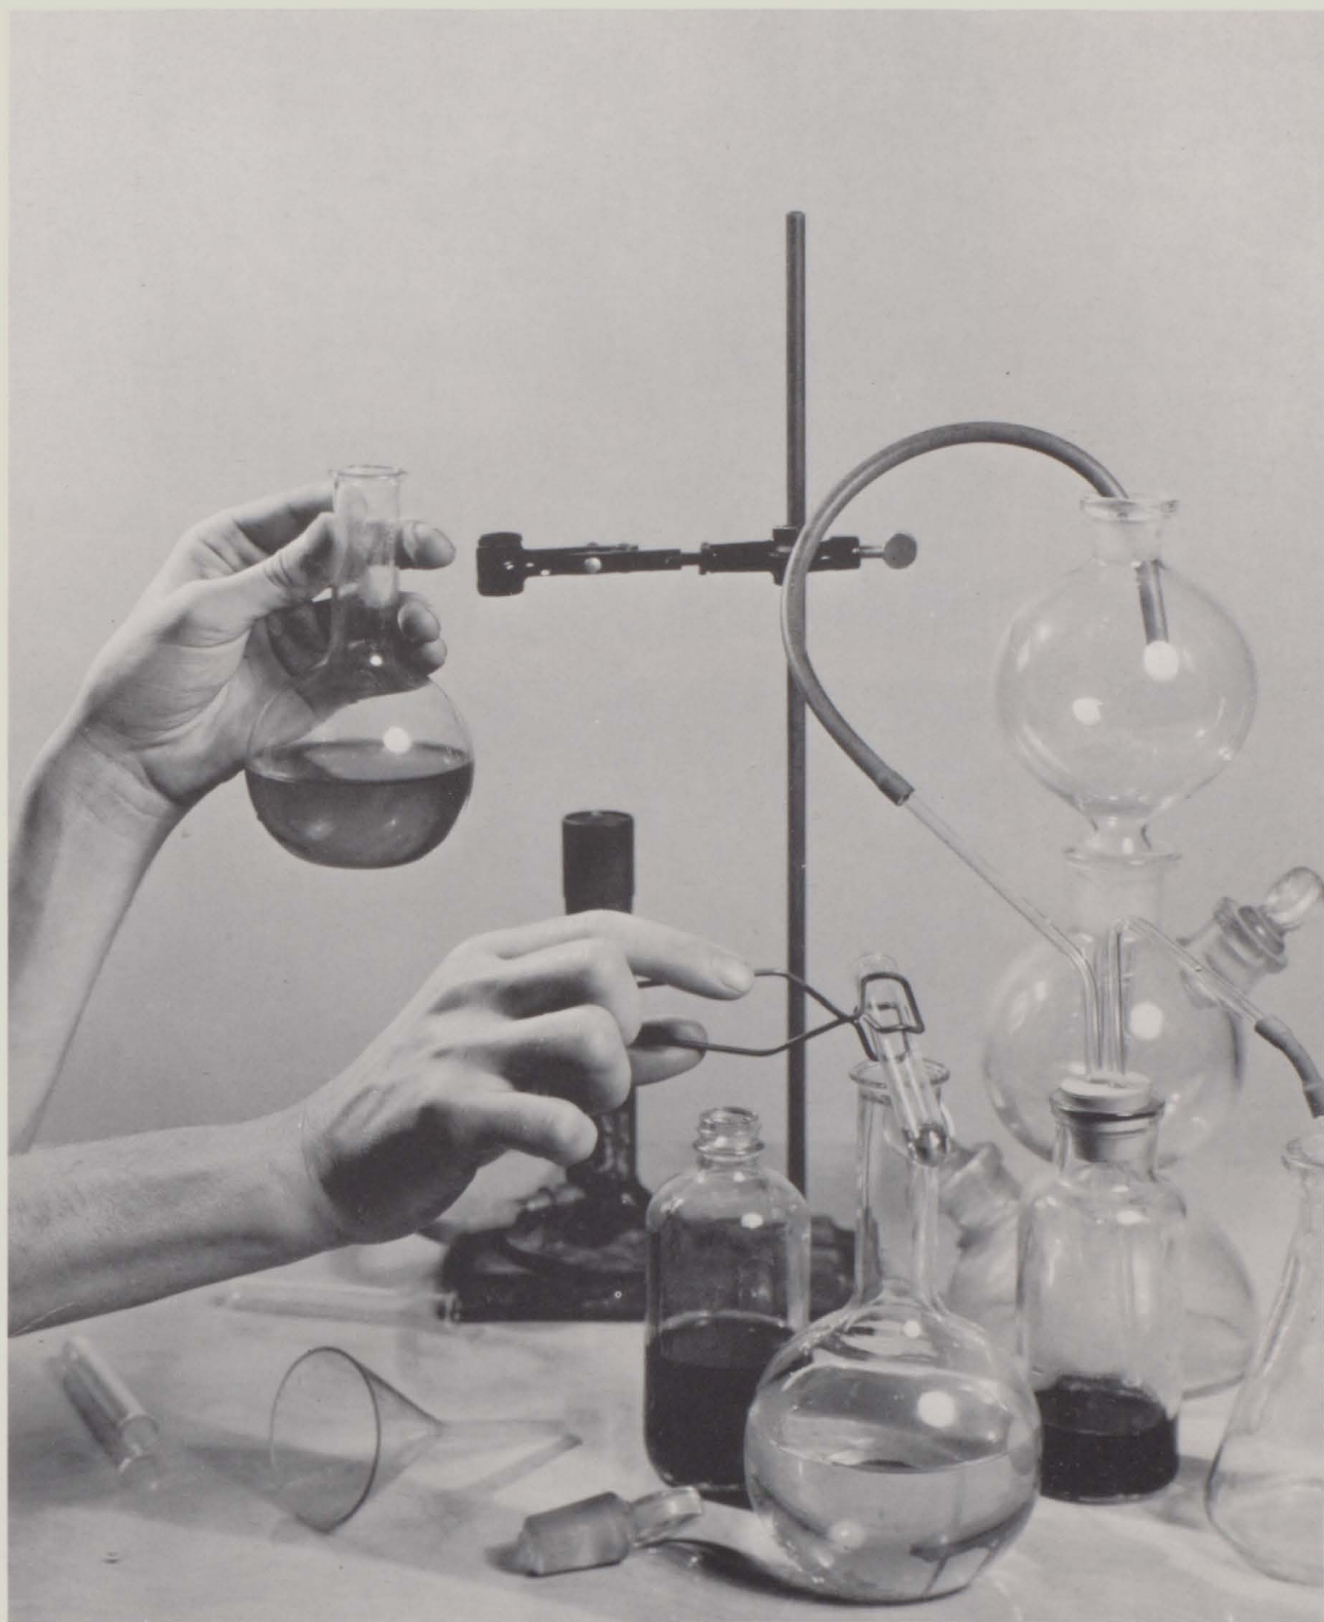

Nola Bigger

Nola--Her smile and efficiency are familiar . . . "Give her a typewriter, a telephone, and a problem; she's content!" Let the office become noisy and she's very "disturbed." Being the office secretary means real work, and there's plenty that Nola does in the principal's office.

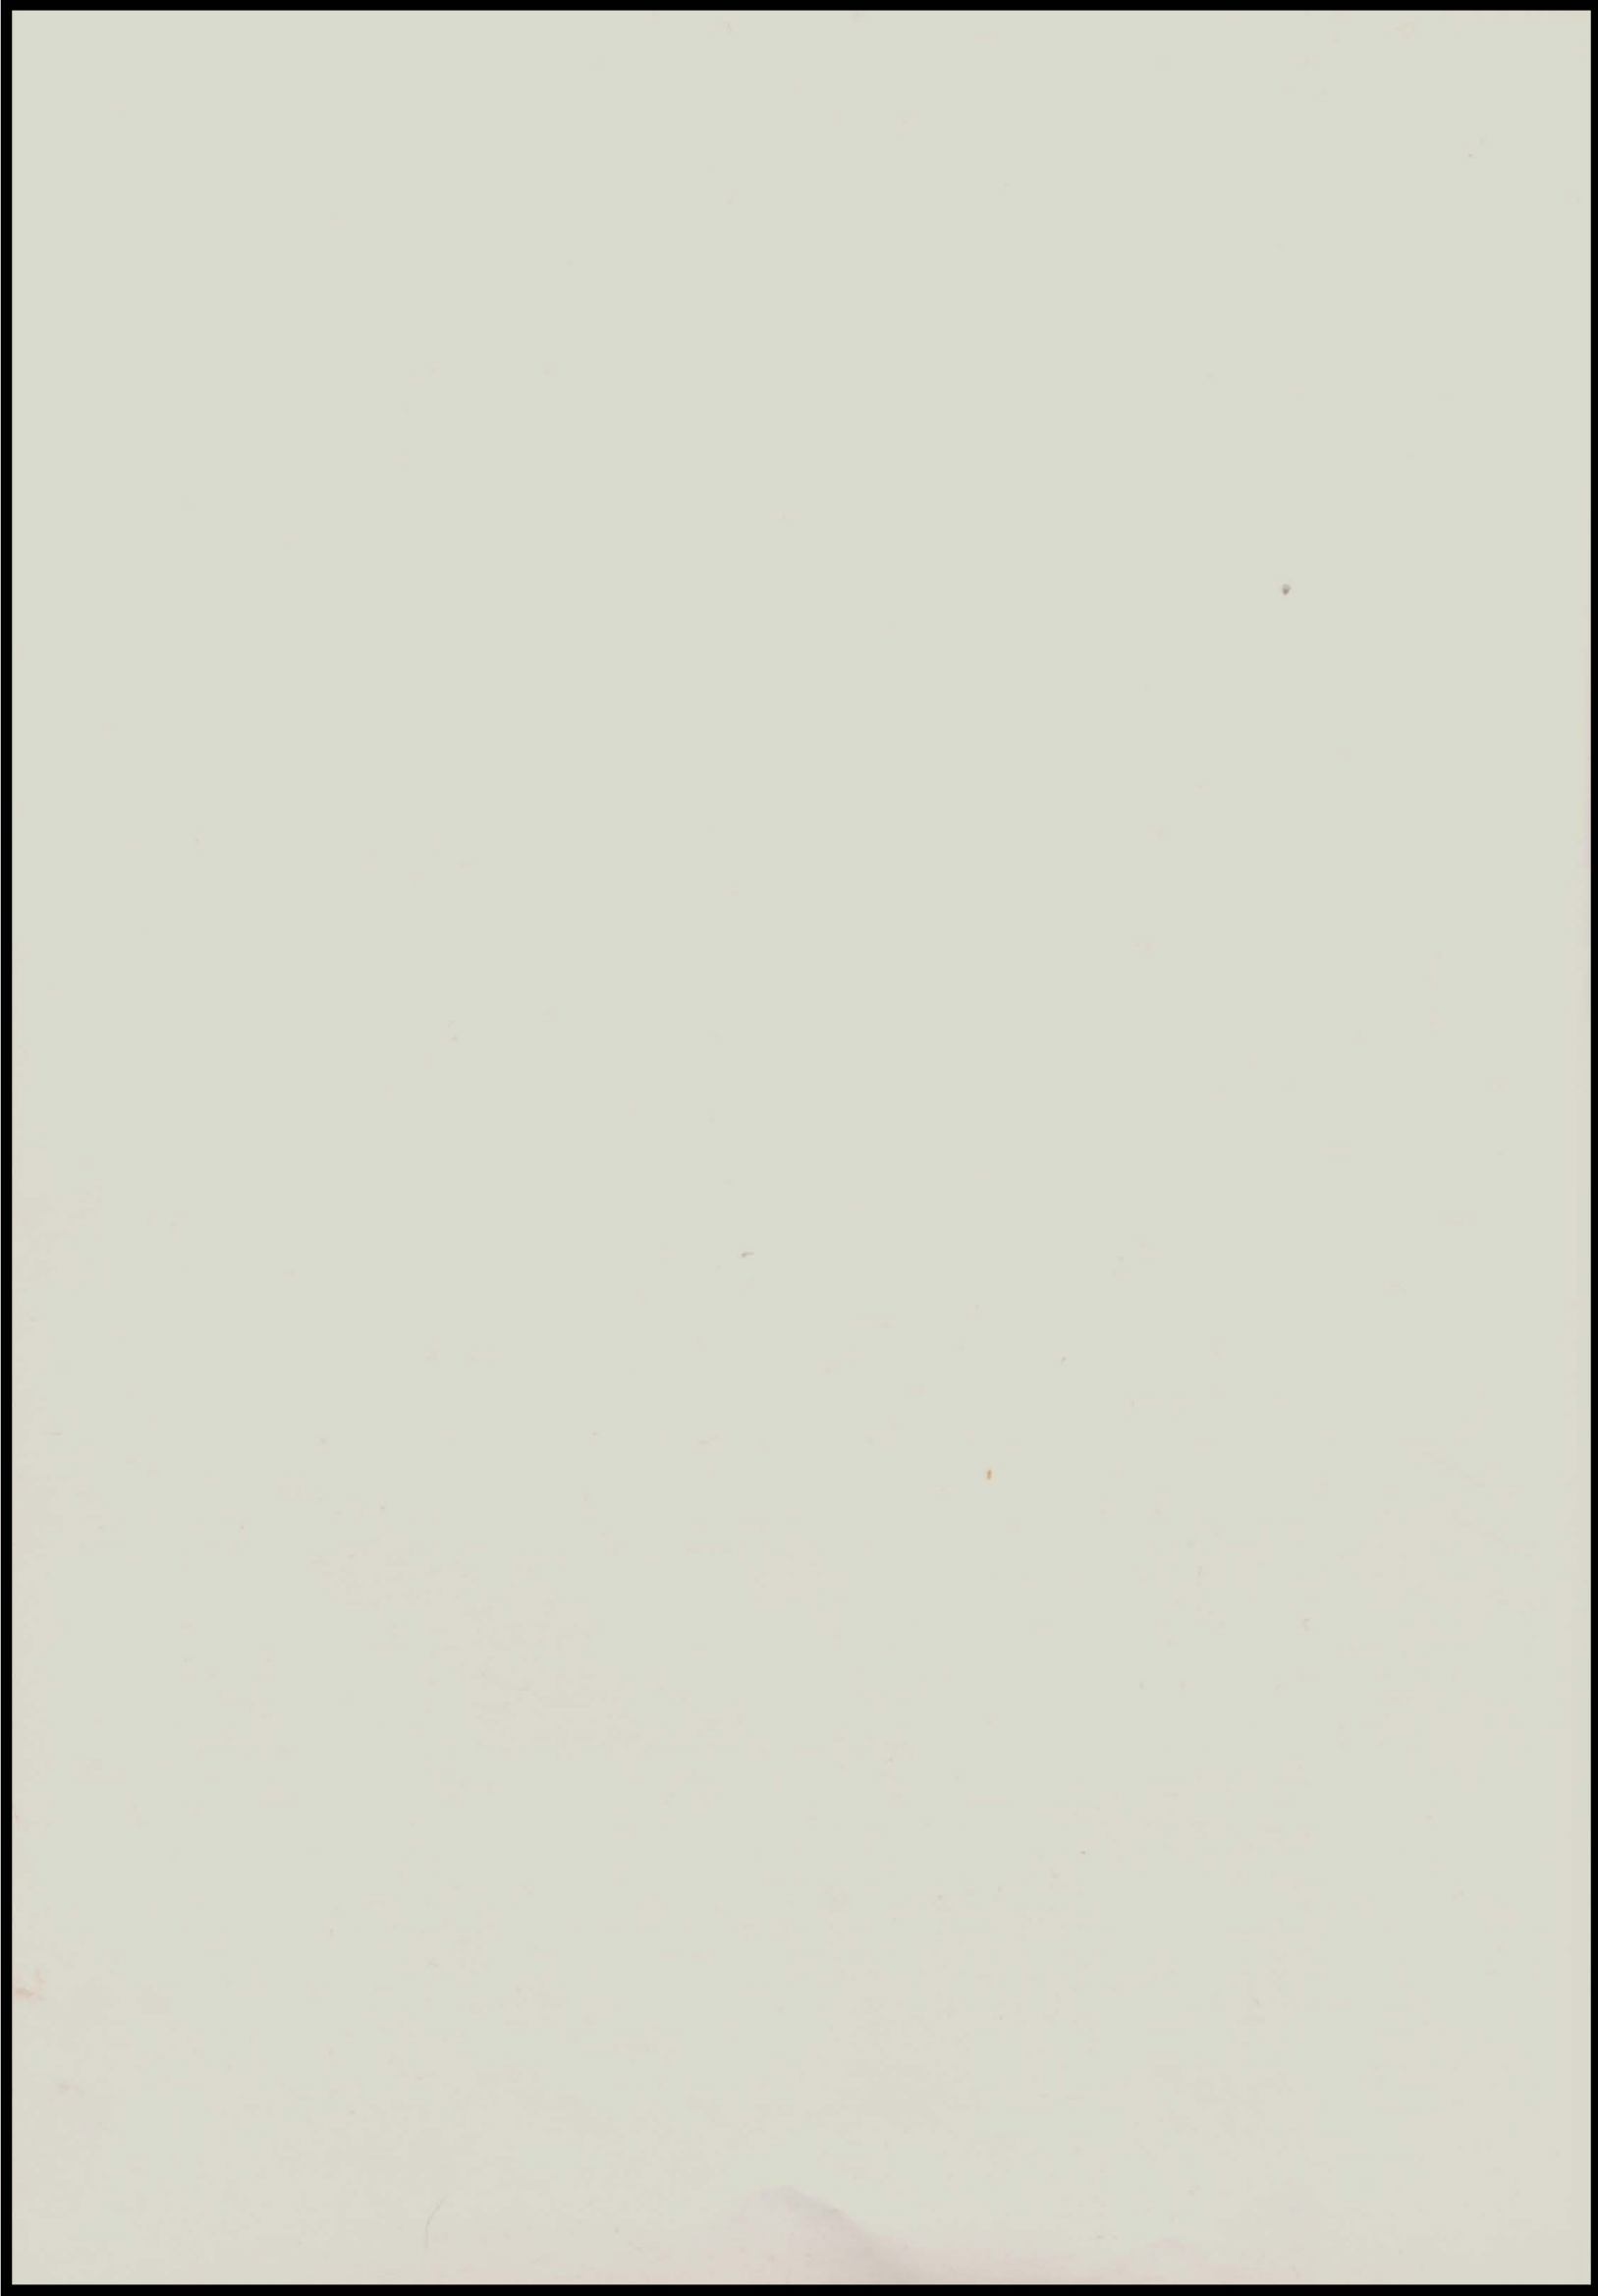

**FACULTY**

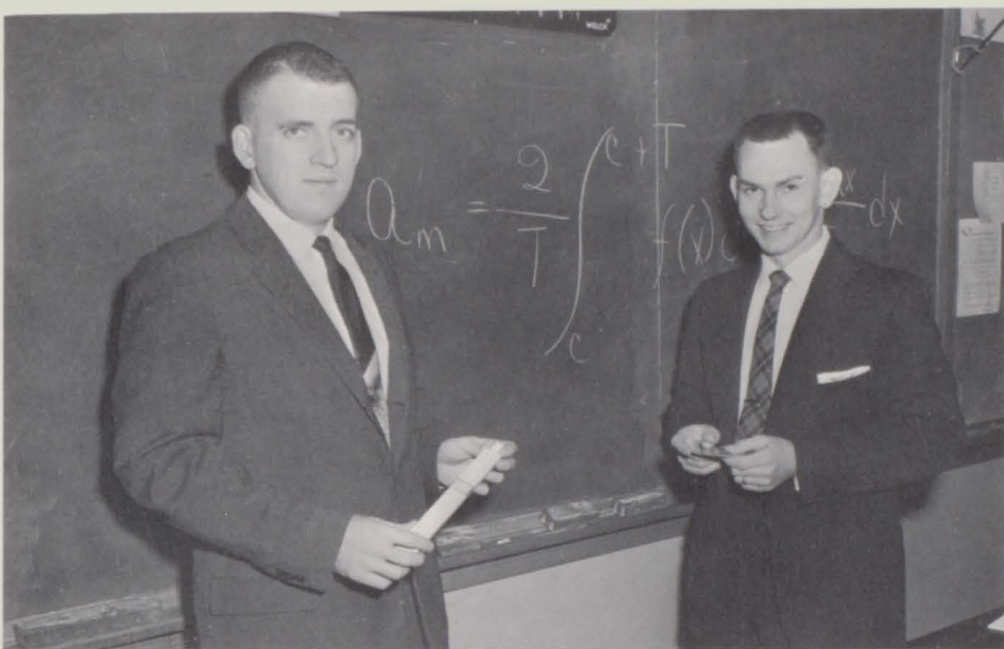

ENGLISH  
DEPARTMENT  
Louise Pogue  
Sylvia Stevenson  
Lillian Pogue

The three ladies of our English department have striven long and tirelessly to improve our English and to produce our school plays. We appreciate their hard work toward our future.

SCIENCE  
DEPARTMENT

Duane Fryrear  
Larry Sterett

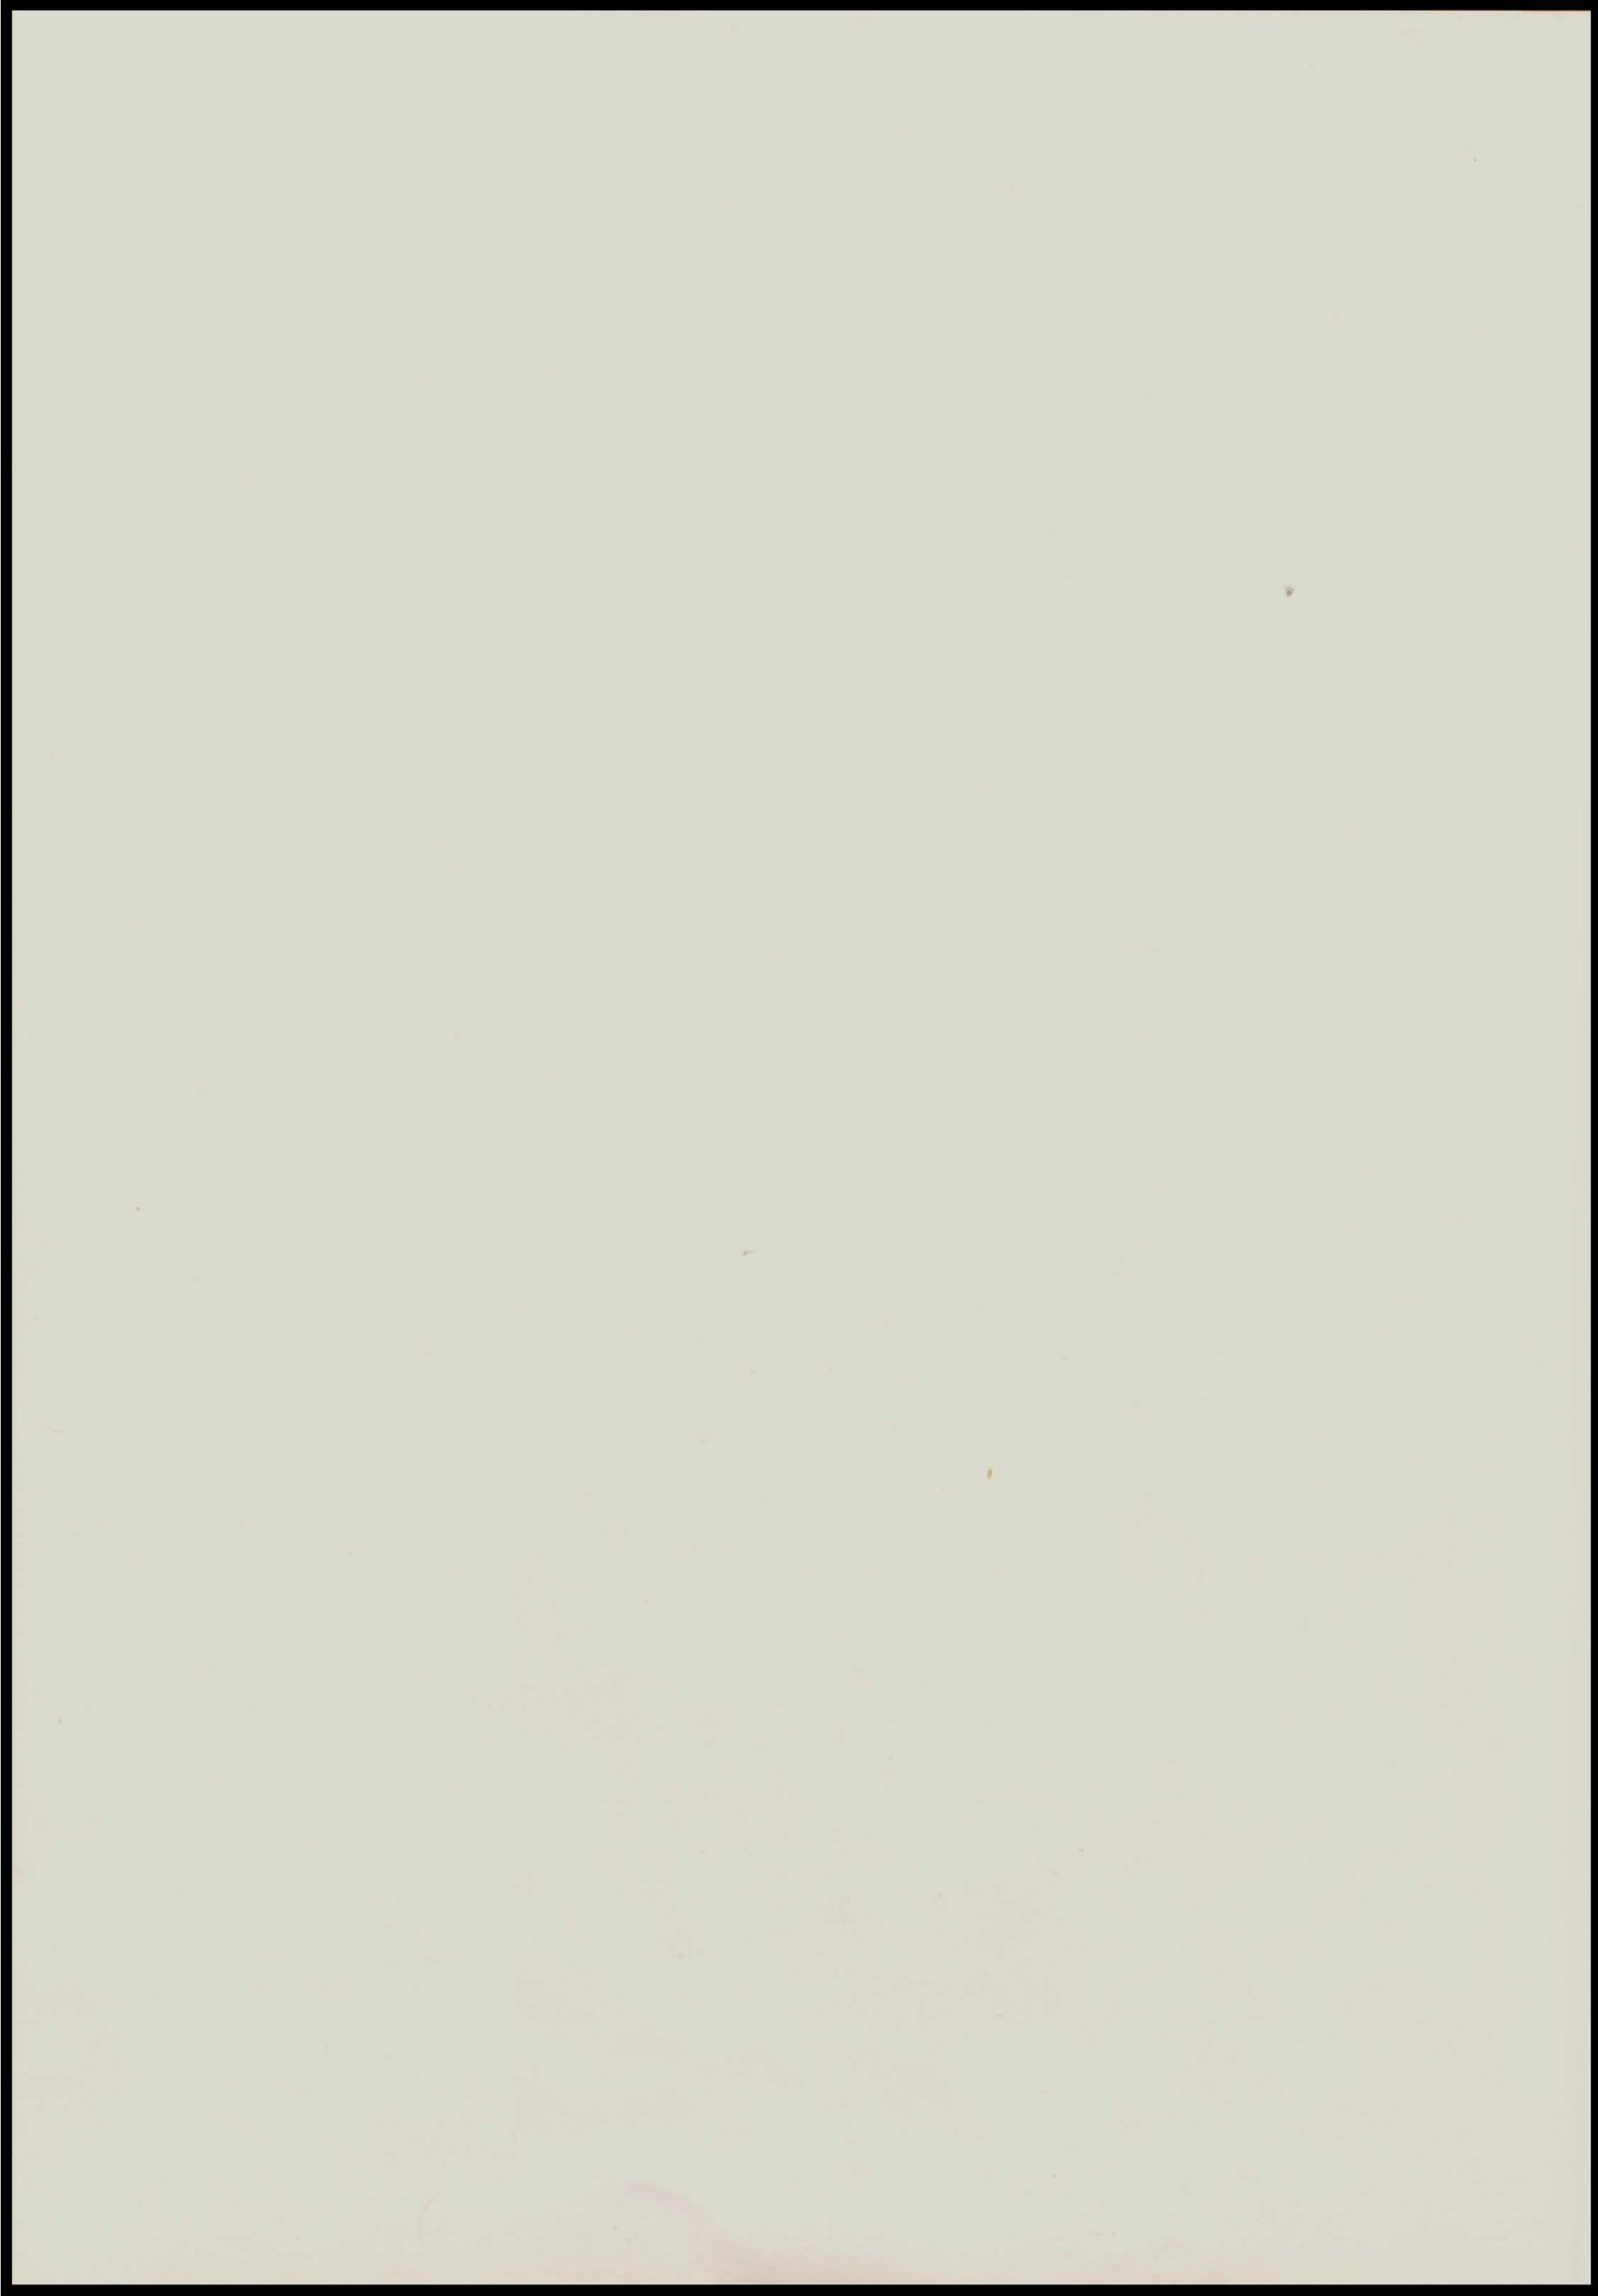

Our science department and part-time coaching staff are familiar to both sports crowds and students. They are equally at home in shower room or laboratory.

VOCATIONAL  
DEPARTMENT

Gilbert Dixon  
Margaret Griffiths

Agriculture and home economics broaden our horizons as we learn many useful crafts under the instruction of our vocational instructors.

## COMMERCIAL DEPARTMENT

Arthur Hall

Our commercial teacher not only fills his position to capacity; he also sponsors the Echo and has recently began our school newspaper. This department has been greatly aided by his instruction.

## PHYSICAL EDUCATION

Sherman Stevenson  
Betty Cramm

The physical education classes have made great improvement under the instruction of two new and well-liked teachers. Sherman Stevenson, who also teaches social sciences, and Betty Cramm have made this department one of which we can be proud.

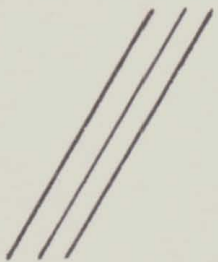

## MUSIC DEPARTMENT

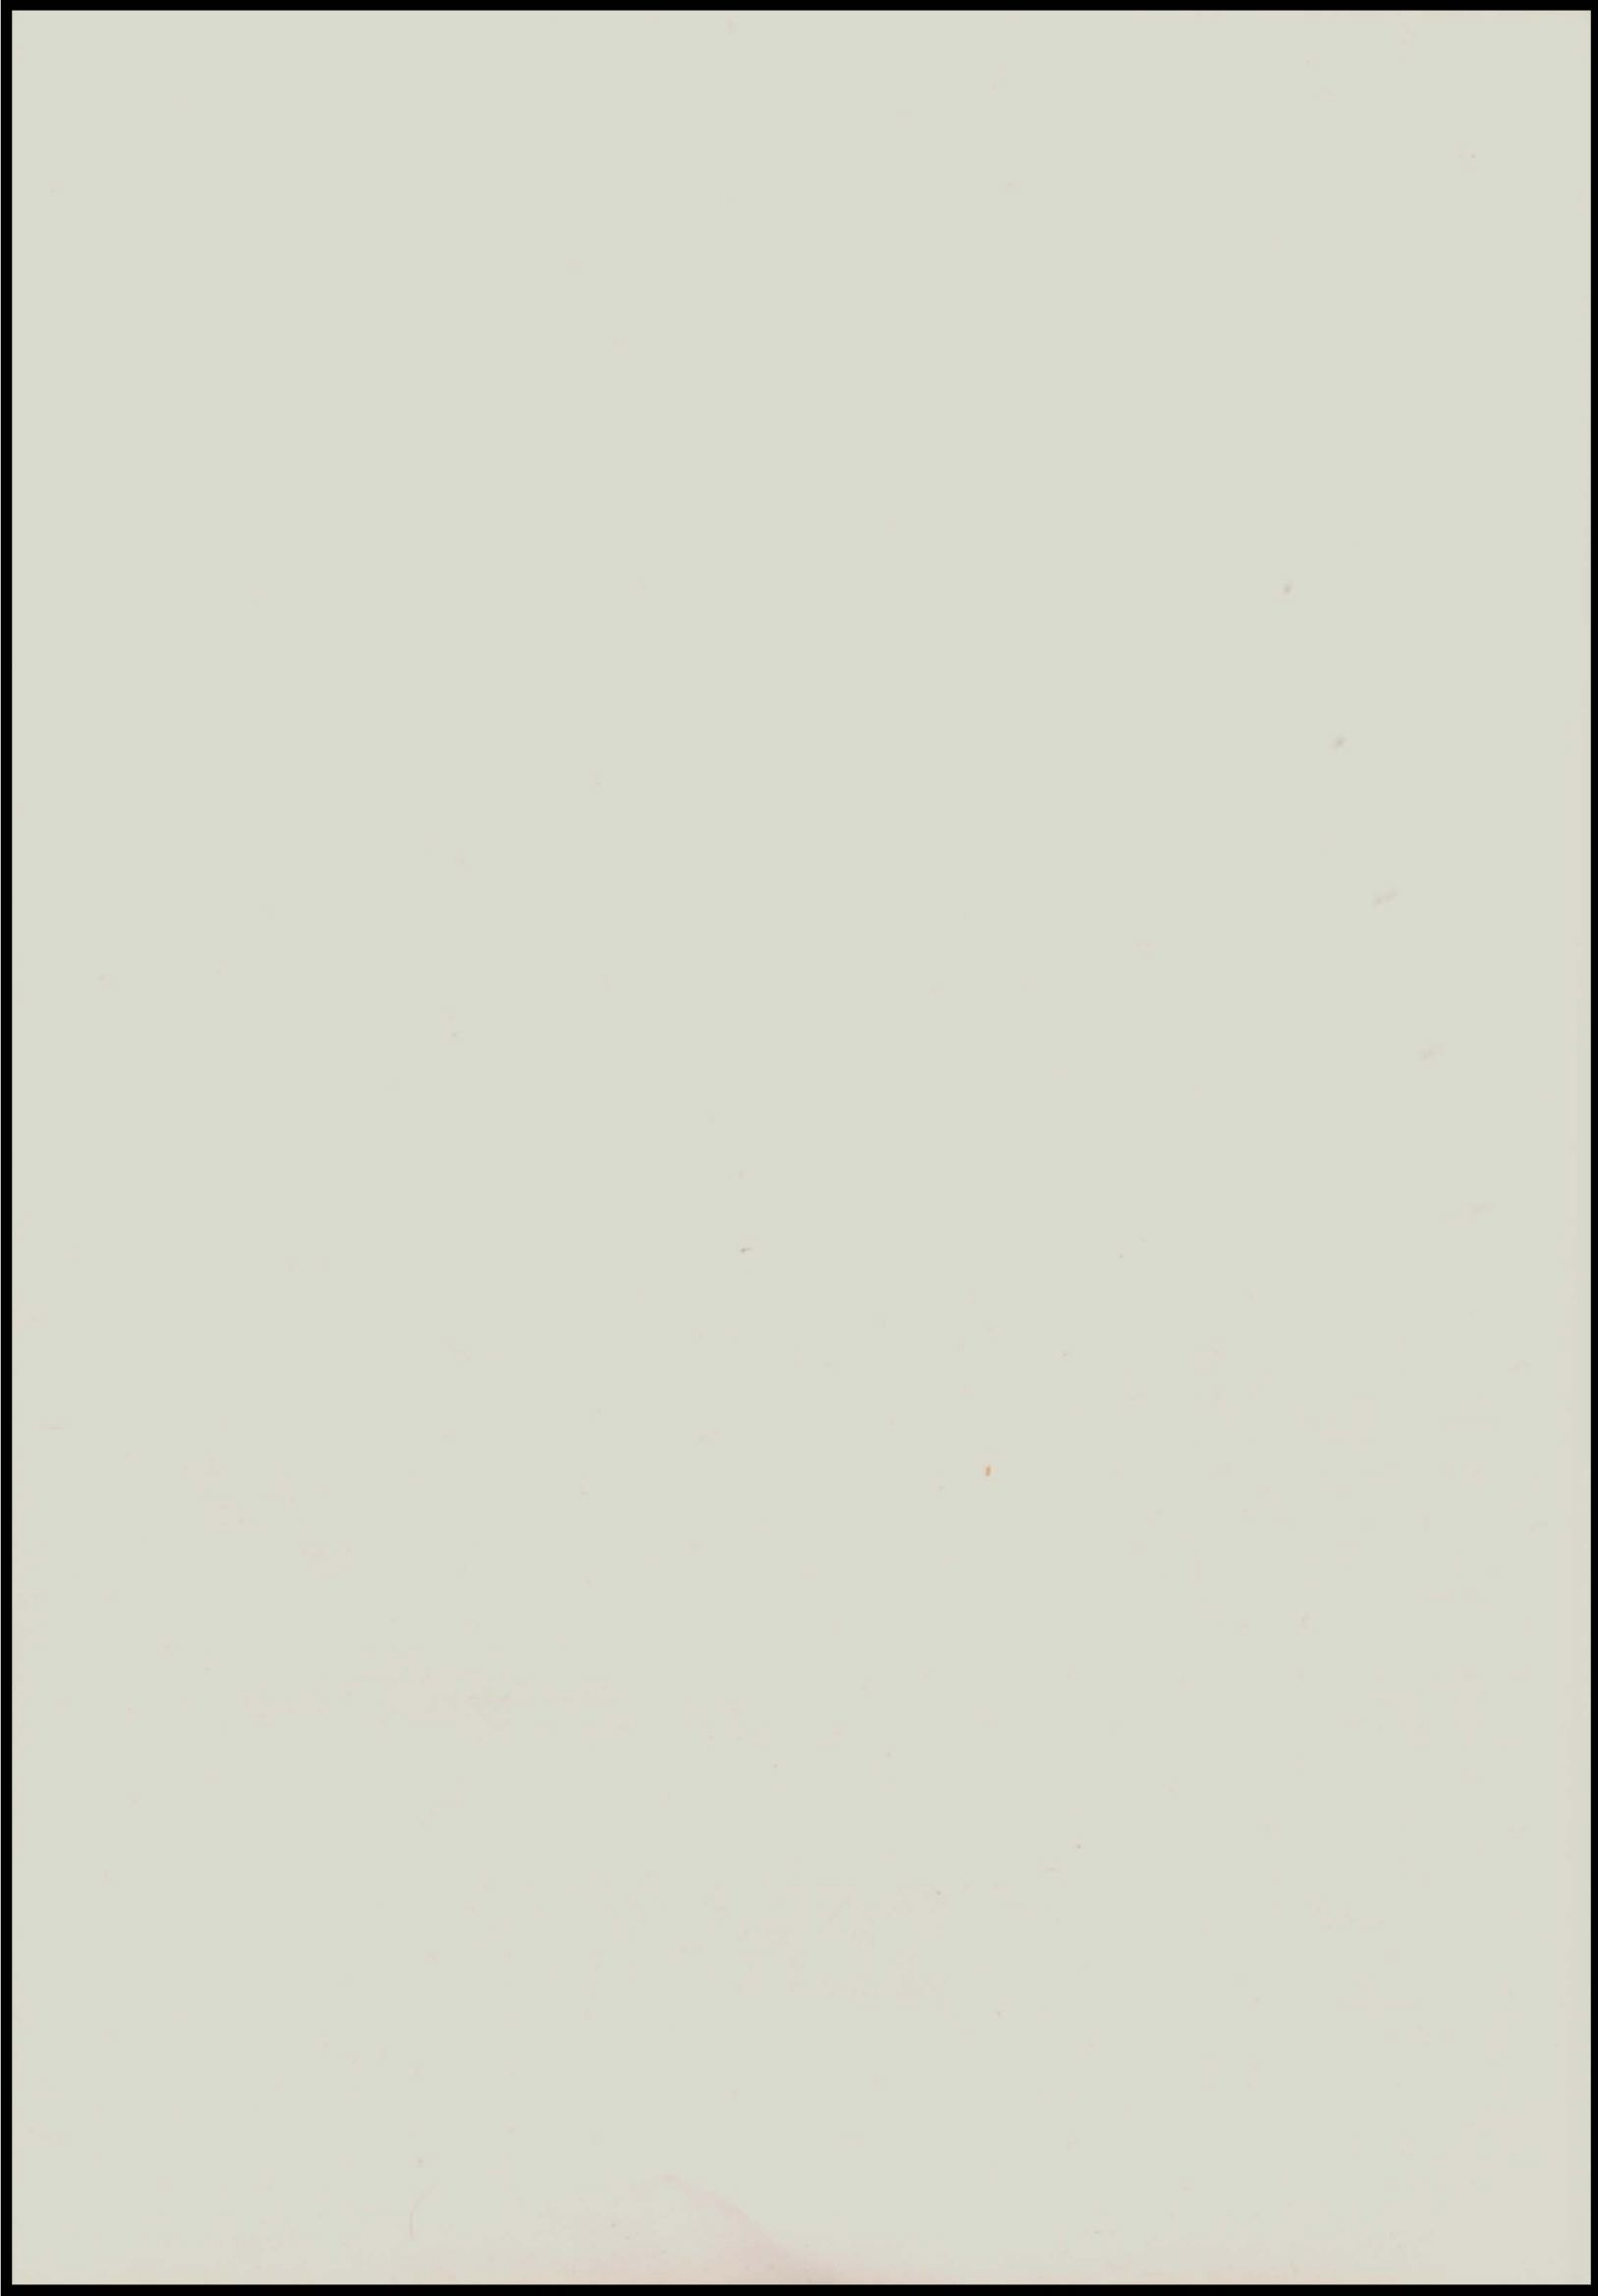

John M. George

Again this year John M. George has worked very hard to build the fine band and chorus which we now have. Credit should go to him for the many new instruments purchased during the last two years.

# PROPHECY

As I stand here in the year 1970 planning the reunion for the class of 1960, I began to wonder what my former classmates were doing. As a solution for the problem, I decided to enter their names in my Binary Digital Computer. The punch cards read as follows when I fed them through the decoding machine:

Jack Bishop always did have an eye for education. He now teaches night school. The name of his course is "How to Skip School in Five Easy Lessons."

Betty Crocker never had anything on Mary Epperly. Mary's cakes are delicious. We thought you didn't like agriculture John Salter. So why are you teaching ag?

Eugene Clague never could make up his mind. How do you like being a bachelor, Gene?

We knew Judy's name would have something to do with her vocation. She is a FARMers housewife.

Joe Shook is teaching in a trade school. No special trade is necessary to enroll as long as girls are mentioned.

Albert Shook is now trucking with his dad. They run the famous "Shook and Shake" truck lines.

Ronnie Jacobs always did want to be a mechanic. You can find him any day of the week at "Jacobs Junk Yard."

Jim Hutchinson is head football coach for the famous "Fighting Scots." Their season summary is no games won and eleven games lost.

Janet Rouse put her Spanish to use. Her family of coal miners moved South of the Border. Ase es la vida.

Karlene Ruse is still quite quiet. Her pleasant ways make up for lost words though..

Jane Simmons always did have an eye for preachers and their sons. She's now a foreign missionary in South Africa.

Donna Tippet is now a famous soprano singer at the Metropolitan Opera House. Unfortunately her salary has been rather low recently as most of it has gone for repair of the ceiling that cracked on one of her high notes.

Roberta Strand is still in school. This time she is behind the desk though, teaching sophomores at the new high school.

Bill Albin can be seen on TV every fall with the Los Angeles Rams. He is their water boy.

Cecil Cox is now a private in the army. You don't jump lunch line there, do you Cecil?

Jack Chambers always did have a liking for the out of doors. He now heads the Boys Scouts of America.

Above the gas station door it reads, "Dick Wilbur, proprietor. Dealer in Ethyl gasoline."

Donna Johnson always did have a fancy for the restaurant business. She is running the largest hamburger stand in the United States.

Carolyn and Larry Johnson are now the new owners of the world famous "Johnson and Johnson" pharmaceutical company. Guess who is boss?

Burlington Business School is now run by Sheila Miller. Her motto is: Lap sitters trained here.

Janet Turley is head owner of the Slender Sal reducing salon. Also she has been named best dressed woman of the year.

Sharon Nelson is world famous for growing goober peas in her garden. Why goober peas, Sharon?

Carol Jones always did want to be a nurse. Don't give up the ship, Carol.

Janice Roller is presently sponsoring the "Bailey for President" campaign.

Tom Dooley, alias Wendell Doole, is married and has a very nice family.

Tom Montroy, like always did want to be a beatnik, - - - Cool man cool.

Beverly Oaks is the president of the largest hobby shop in the state of Ohio. Too bad Ralph had to be vice-president.

Norma Dunne is now part owner in the famous chain of restaurants known as Dunne's Cafe.

Dwight Sargent is again engaged, both in farming and in marriage. He raises deer on his farm and also his wife is a real dear.

Sandy Alecock always was a fine leader. She has organized the outer space political party. If there really are martians, she's going to run for president with their support. Some people always did feel that Republicans were from outer space.

Dan Adair has now finished college and is engaged in raising sheep which he hopes will someday attend the Technical Sheep Institute which he endowed a few years ago. In this way he hopes to raise their standard of living.

# SENIOR CLASS WILL

We, the Senior Class of 1960, being of sound mind and body and about to leave good old B.H.S. do declare this to be our last will and testament. We bequeath the following to those who can best use them.

- I, Roberta Strand, do will and bequeath my good behavior in typing class to Jim Trone.
- I, Donna Tippet, do will and bequeath my ability to not finish my practice set to anyone who wants to because I didn't have the time.
- I, Janet Turley, do will and bequeath my love for Chevy Impalas to Nola Bigger.
- I, Dick Wilbur, do will and bequeath my safe driving ability to Gail Mudd.

In Witness Whereof, We, the Class of '60, the testator, have set our hand and seal hereto this twenty-fourth day of May in the year of our Lord one thousand nine hundred and sixty. (1960)

Class of '60

## VALEDICTORIAN

The valedictorian of 1960 is Donna Ann Tippet. During her high school years Donna maintained an average of 3.87 out of a possible four points.

Donna was an active member of band and chorus during all four years of her high school career. This year she served as band secretary. She took part in the district contests the last three years and this year she went to the State Contest at Kankakee with her soprano solo. Donna has also been a member of FHA, here she held offices for two years. This year she served on the ECHO staff as picture editor. For two years she was a member of the Pep club serving as president her sophomore year. Her Freshman year she served her class as vice-president.

Donna plans to enter Western University at Macomb where she will major in Teacher Education.

## SALUTATORIAN

The Salutatorian of 1960 is Luesta Jane Simmons. During her school years Jane maintained an average of 3.81 out of a possible four points.

Jane was active in band and chorus. She was elected band queen her senior year and was selected to attend the 1960 All-State Festival. She was a member of FHA for four years and held an office her senior year. She was a member of the pep club for two years. She was treasurer of her class her freshman year and assistant treasurer her senior year. She was assistant editor of the ECHO her junior year and Editor of it her senior year. During her junior year she selected to attend Illini Girl State of 1959.

Jane plans to work in an office and then enter Burlington Beauty Academy.

## FUTURE HOMEMAKERS OF AMERICA

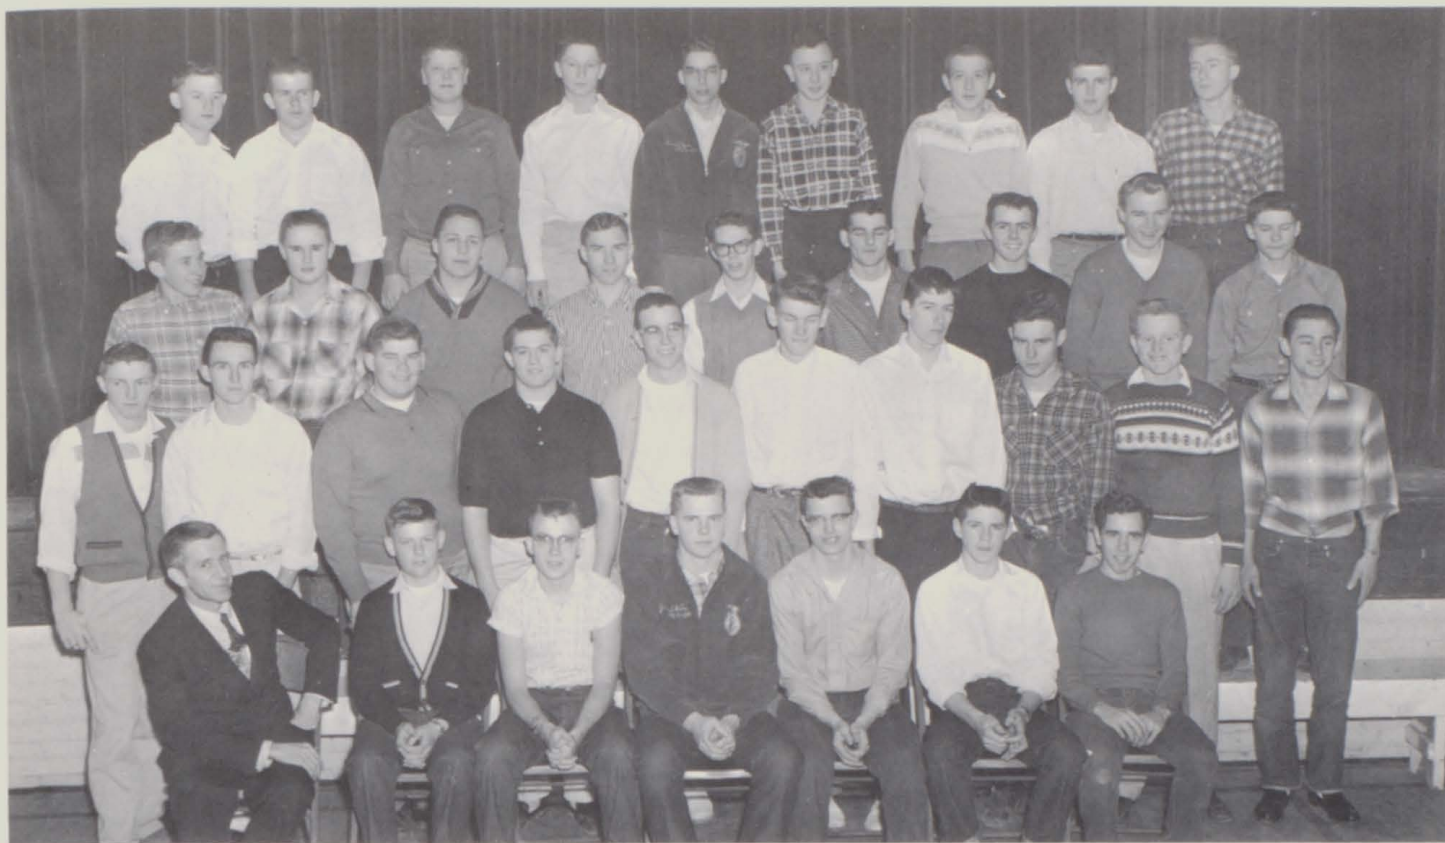

The Future Homemakers of America have contributed a great deal to Biggsville High School. They installed a new bulletin board on which they display a very neat array of their events and season decorations. Initiation and F.H.A. Week are also two highlights of the F.H.A.

# FUTURE FARMERS OF AMERICA

Under the direction of Mr. Dixon, the Future Farmers of America have made great achievements. The boys have learned a great deal in the field of carpentry, metal works, and agriculture. Many decorative home furnishings were also constructed.

The 1959 Homecoming of B.H.S. was one of both sadness and joy. This Homecoming was the last ever to be celebrated at B.H.S. But the good times that were had by all at the Homecoming game and the dance that followed more than made up for it.

Bill Albin and Sandra Alecock reigned as our King and Queen. Other attendants were: Mary Adair, Stephen Griffiths, Leona Johnson, Jim Trone, Kay Jamieson, John Adair, Judy Farm, and Larry Johnson. We were very proud of our King and Queen and their attendants.

## ACTIVITIES

Jim Hutchinson was voted by the faculty as the person most deserving of the yearly activities award. Jim played varsity football this year and was also on the starting five in basketball. He was a delegate to Boys' State. He had parts in both the Junior and Senior plays, and received the dramatics award during his junior year. He is an energetic boy of whom we can all be proud. He plans to continue his education at Monmouth College.

## CITIZENSHIP

Sandra Alecock was voted by the faculty as the outstanding citizen of Biggsville High School and was awarded the school CITIZENSHIP award. Sandra was active in many clubs and organizations throughout her high school career. She was president of the senior class, an officer in FHA, vice-president of the student council, and president of pep club.

## TRACK

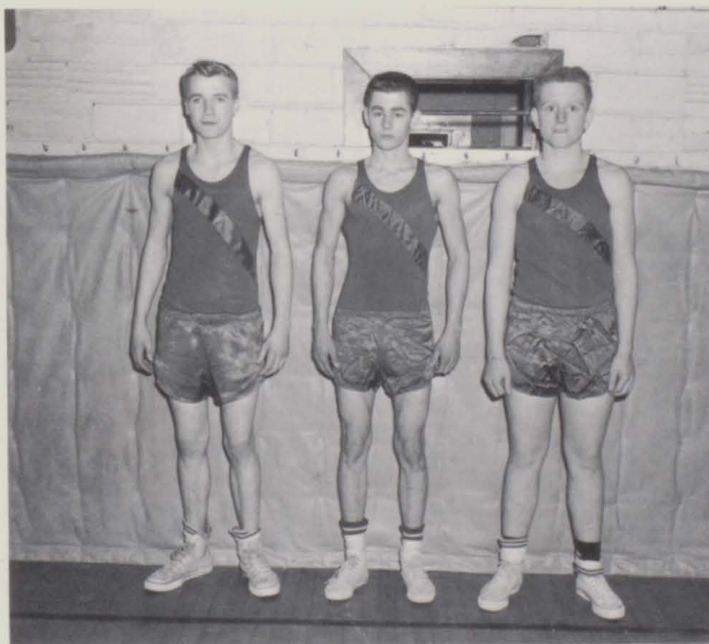

This year's track team was small in comparison to earlier years. They do, however, deserve a great deal of credit for their fine performances. Jack Bishop, a senior who pole vaults, placed well in some of the larger meets. Dan Adair, another senior, also placed well in the high and low hurdles.

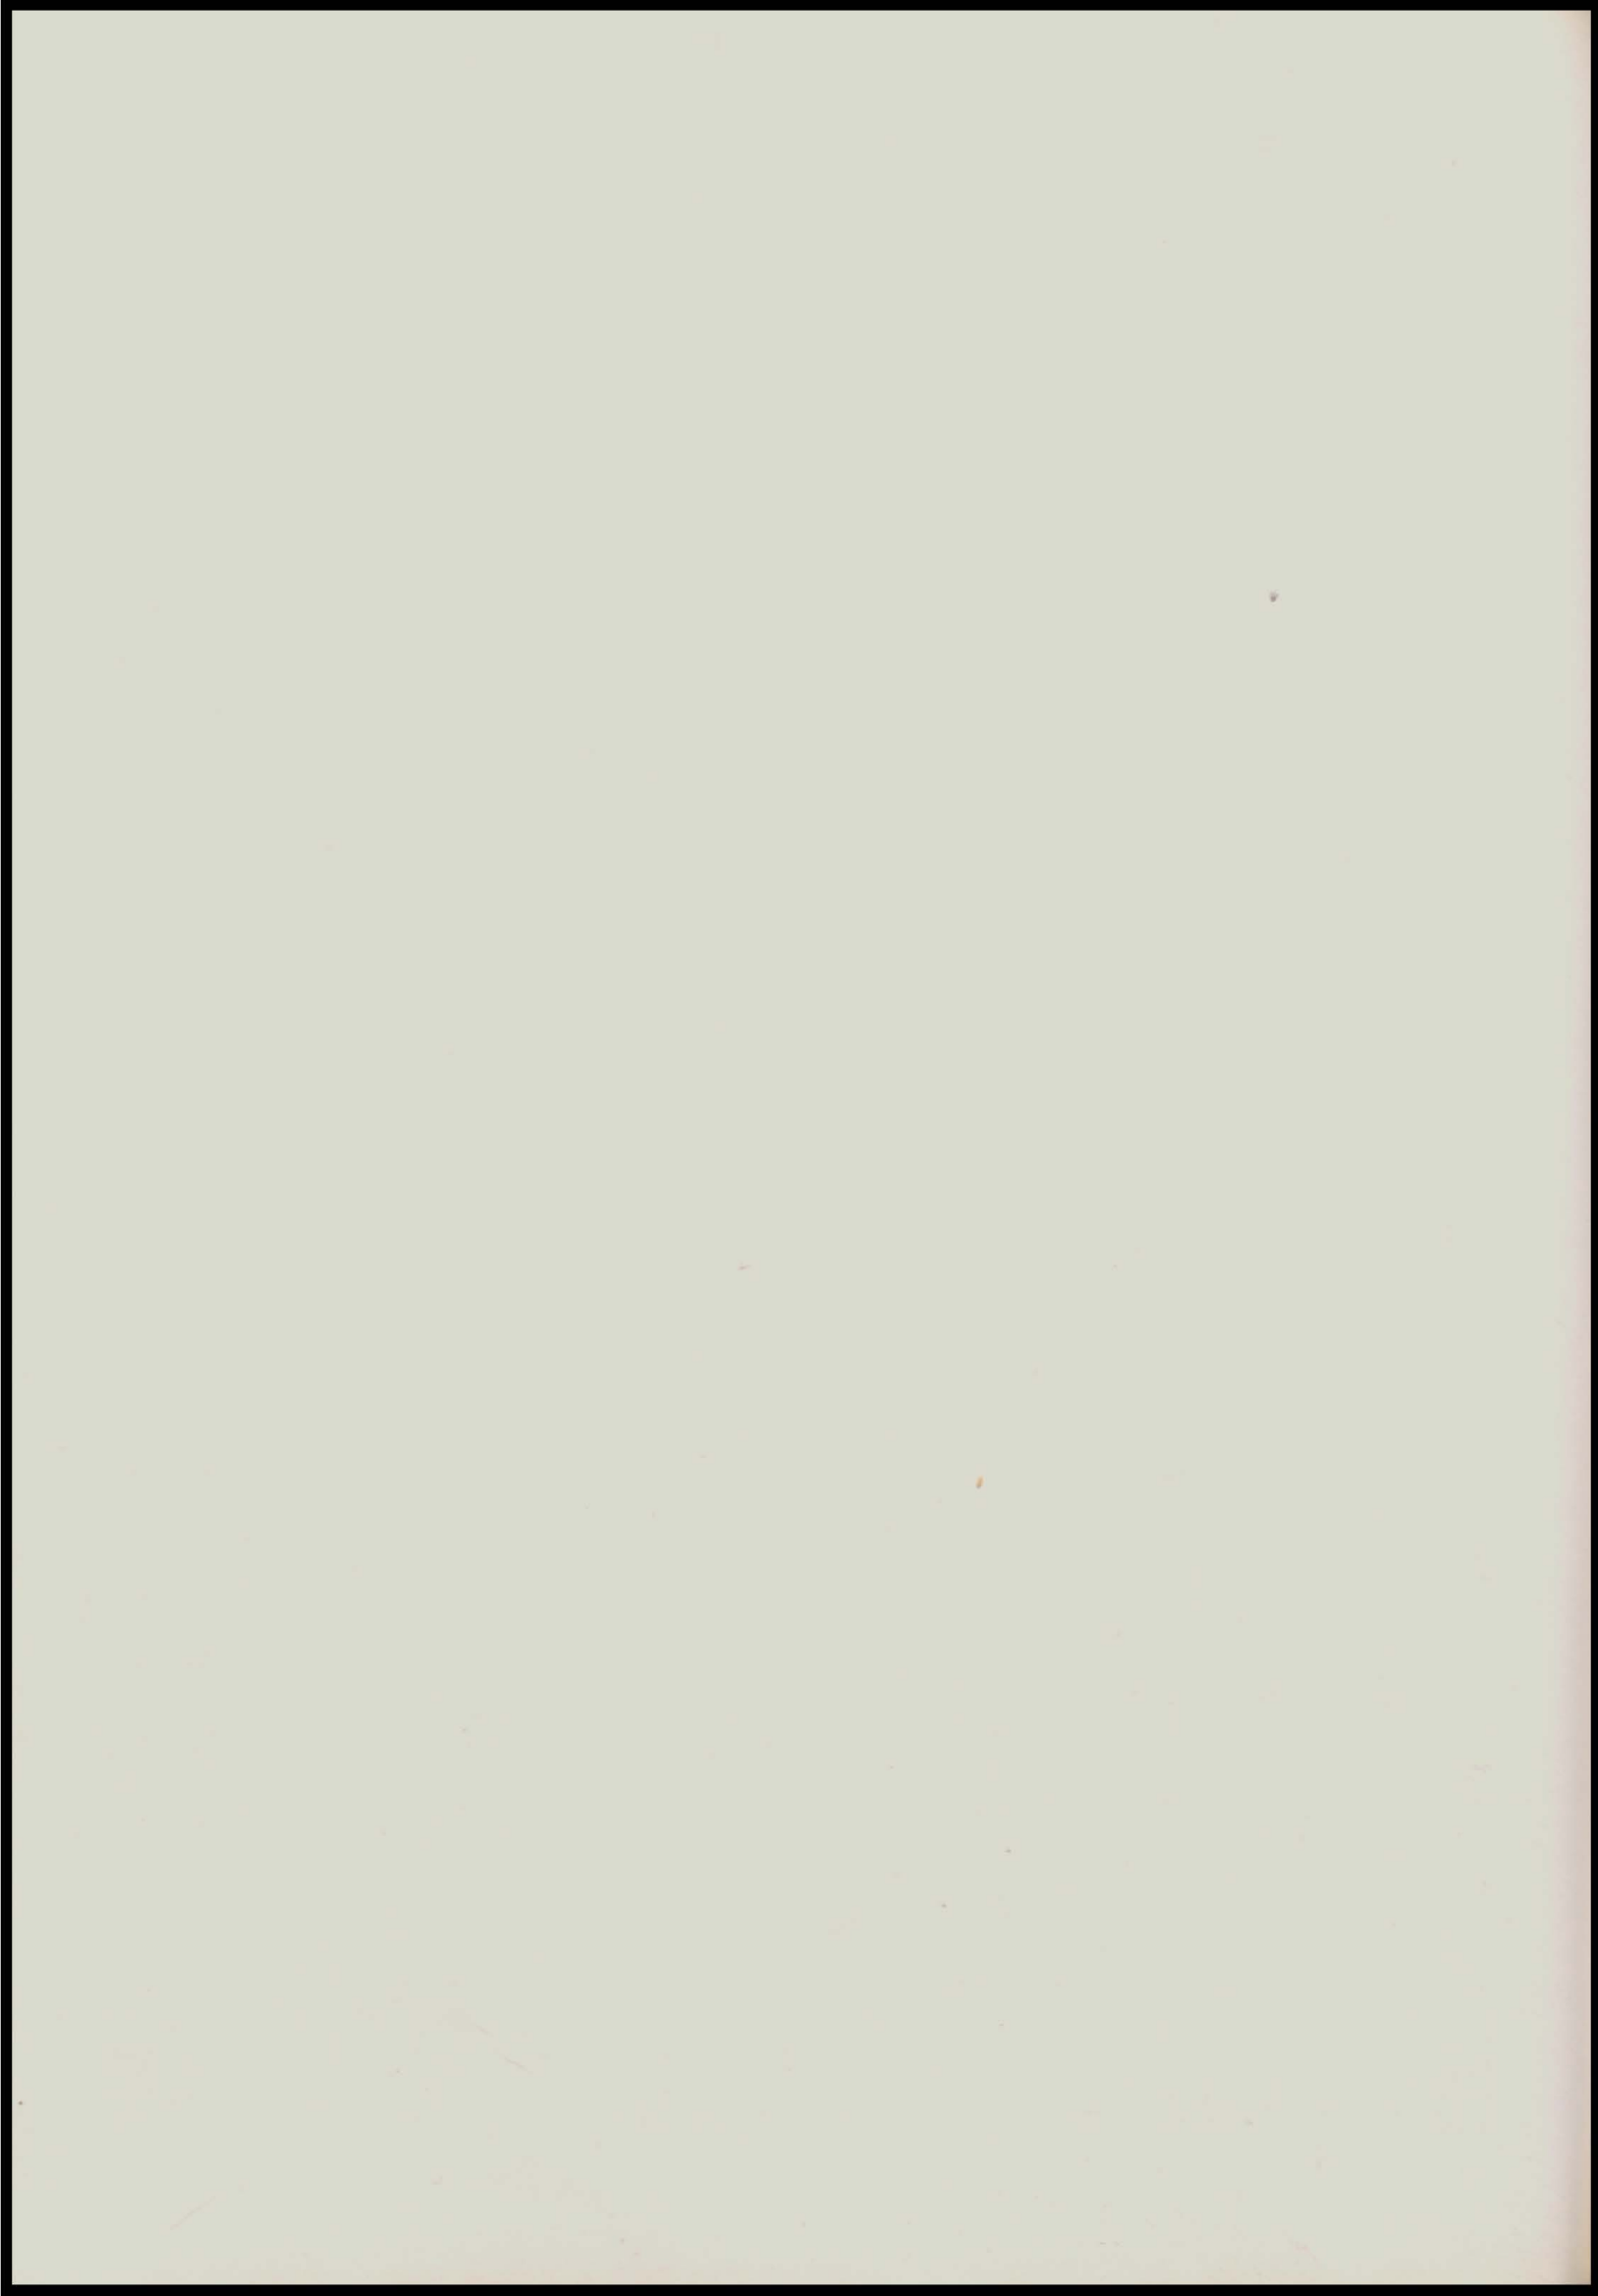

Our juniors, Earl Oaks and Dean Campbell, picked up considerable gains in their events. Earl seems to excel in the sprints and broad jump while Dean helped a great deal with the relays.

The sophomores rounded out the track team. Jack Gibb, our miler, Jerry Lipes, our relay man, Tom Ferguson, our weight man, Terry Avery, pole vaulter and high jumper, Jon Curtiss, our half-miler, and Ray Shook, our vaulter, all did very fine jobs and we're sure you'll see a lot of them in years to come.

## UNION HIGH SCHOOL

The new Union High School building designed by Behrensmeyer & Horn and Associates, Quincy architects, for Community Unit District No. 115 in Henderson county is under construction on a 44-acre rolling site at the junction of state Route 116 and U. S. Route 34.

The school is designed for an enrollment of 350 students with provisions for future expansion to handle 500. The new school will serve the communities of Biggsville, Gladstone, Oquawka, Gulfport and Rozetta.

The complete facilities include general classrooms, science rooms, bookkeeping and typing rooms, library, study hall, home economics and music rooms, cafeteria, kitchen, administration suite and locker rooms. The plant will also include a large gymnasium with seating for 1,000 and separate classroom and shop facilities for industrial arts and vocational agriculture classes.

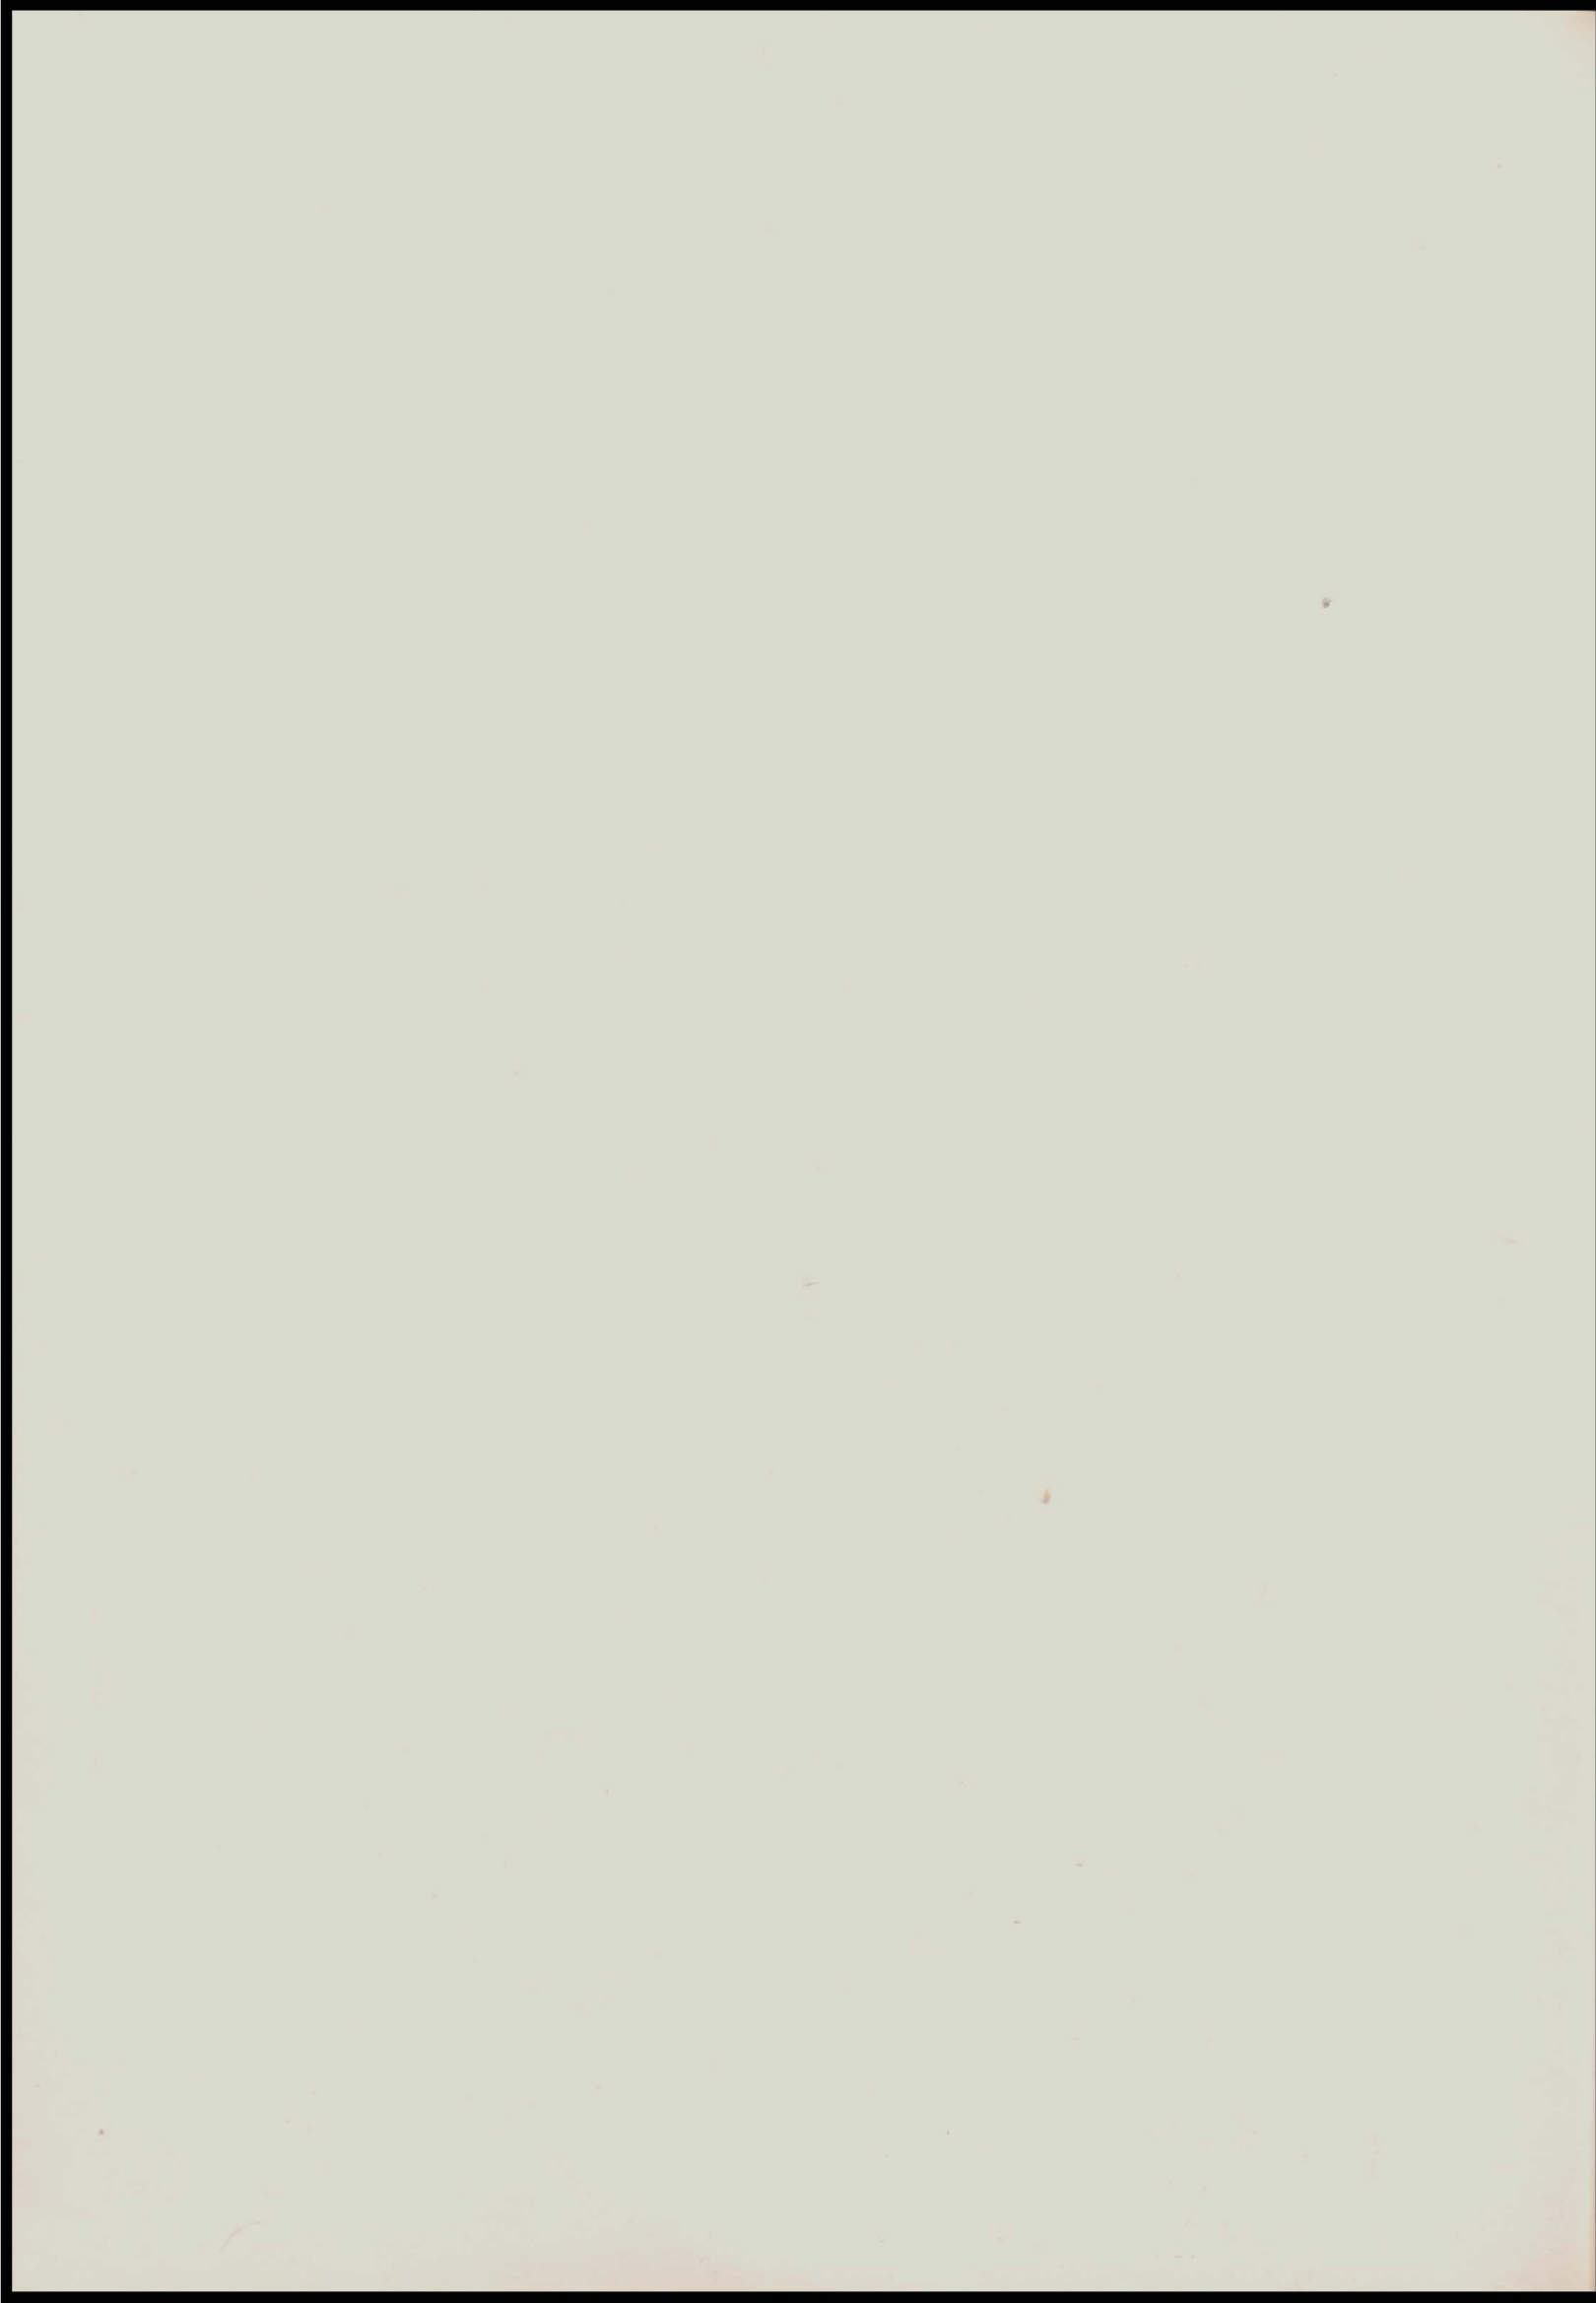

The unusual plan features a dispersed design with the publicly used features built around a large enclosed court. The court will be surrounded by a connecting fully glazed corridor.

The main classroom and library unit is semi-detached from the main body of the school with its only connection being a closed glazed corridor. The second detached unit will house the shop facilities and will be at the opposite end of the building from the general classroom facilities. The design, lay-out and selection of materials throughout the building stresses maximum fire safety, efficiency of operation, sound control and beauty.

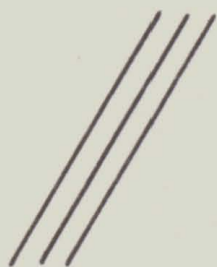

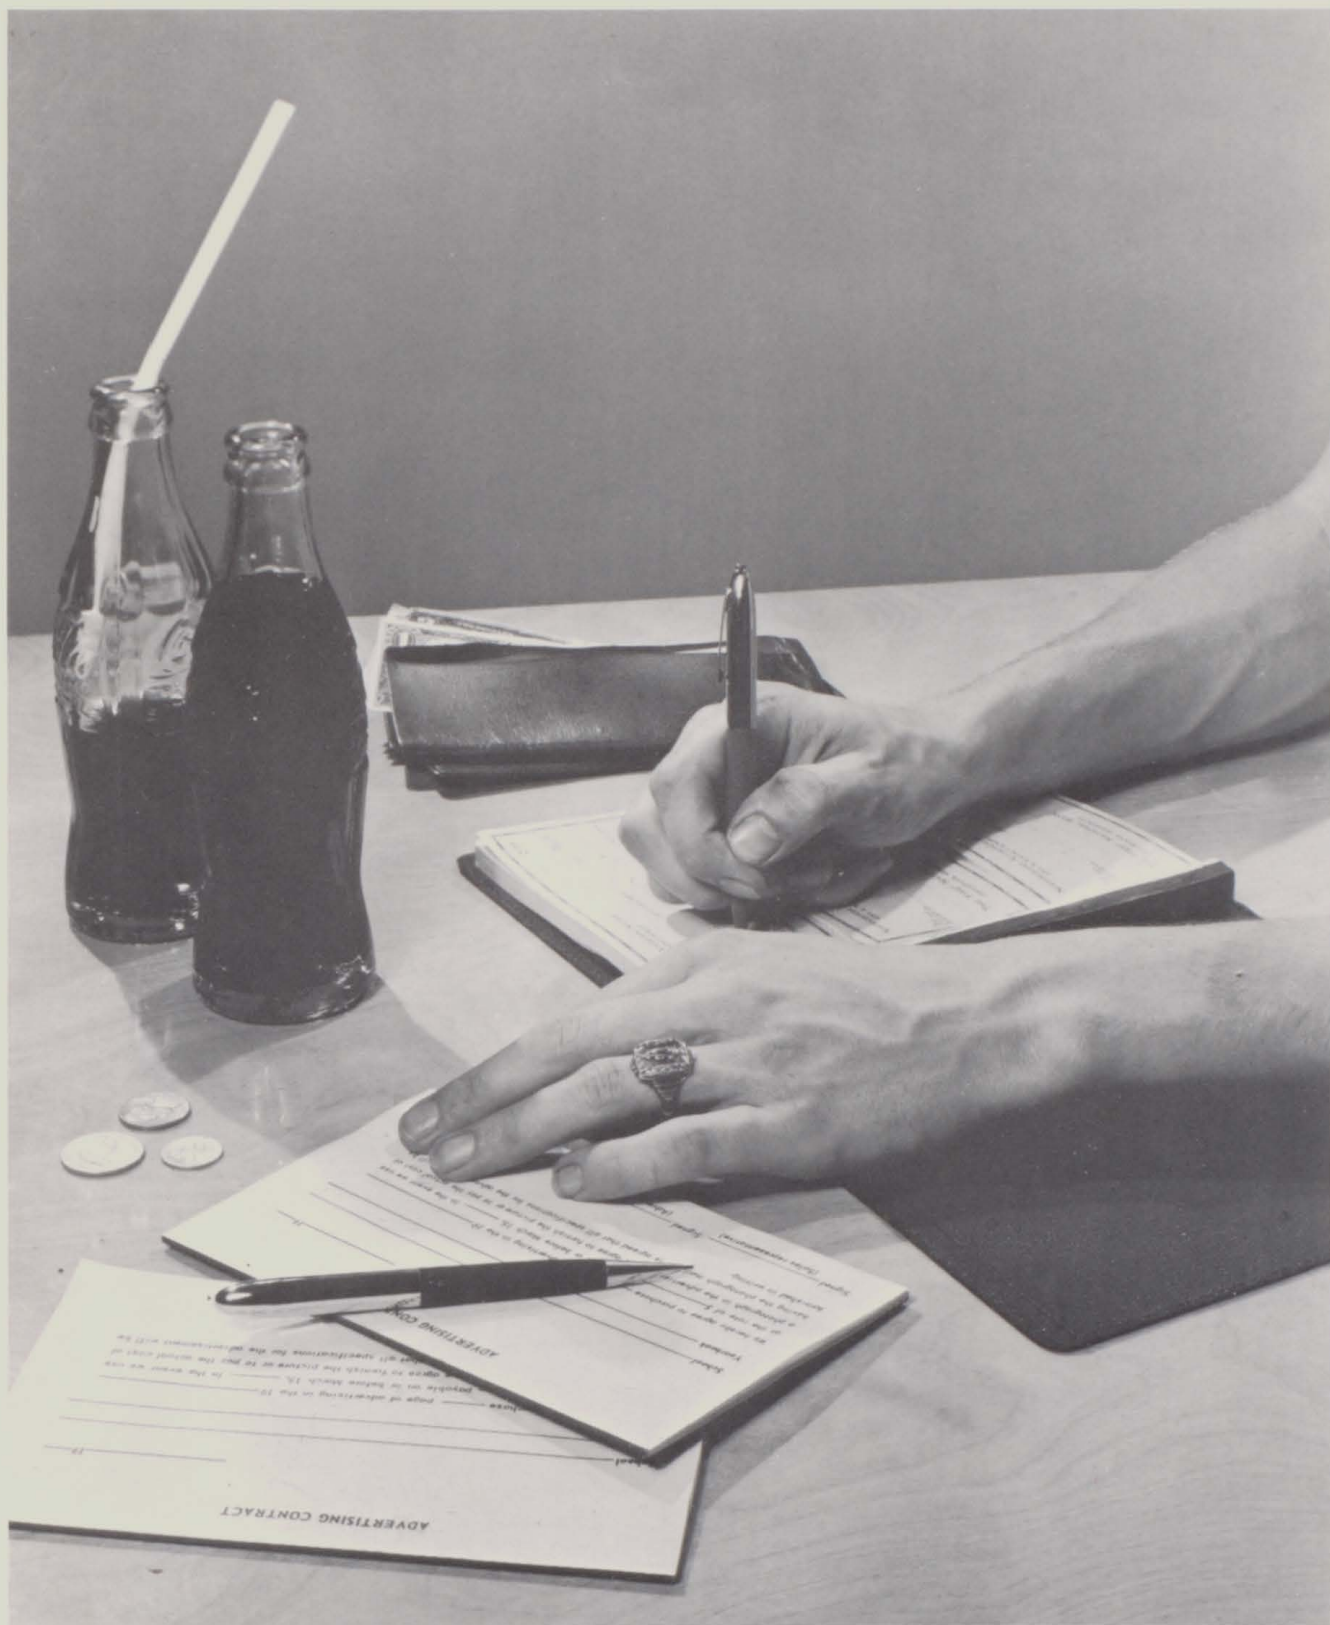

A special design and teaching aid in the classrooms is the use of plastic dome skylights complete with built-in motorized light control louvers.

In conjunction with the controlled daylight features, the lighting design includes cold cathode strip lighting in all classrooms and general academic areas. The main stage serving the gymnasium-auditorium area is to be equipped with special stage lighting, complete with controlled dimmers, border lights and spotlight.

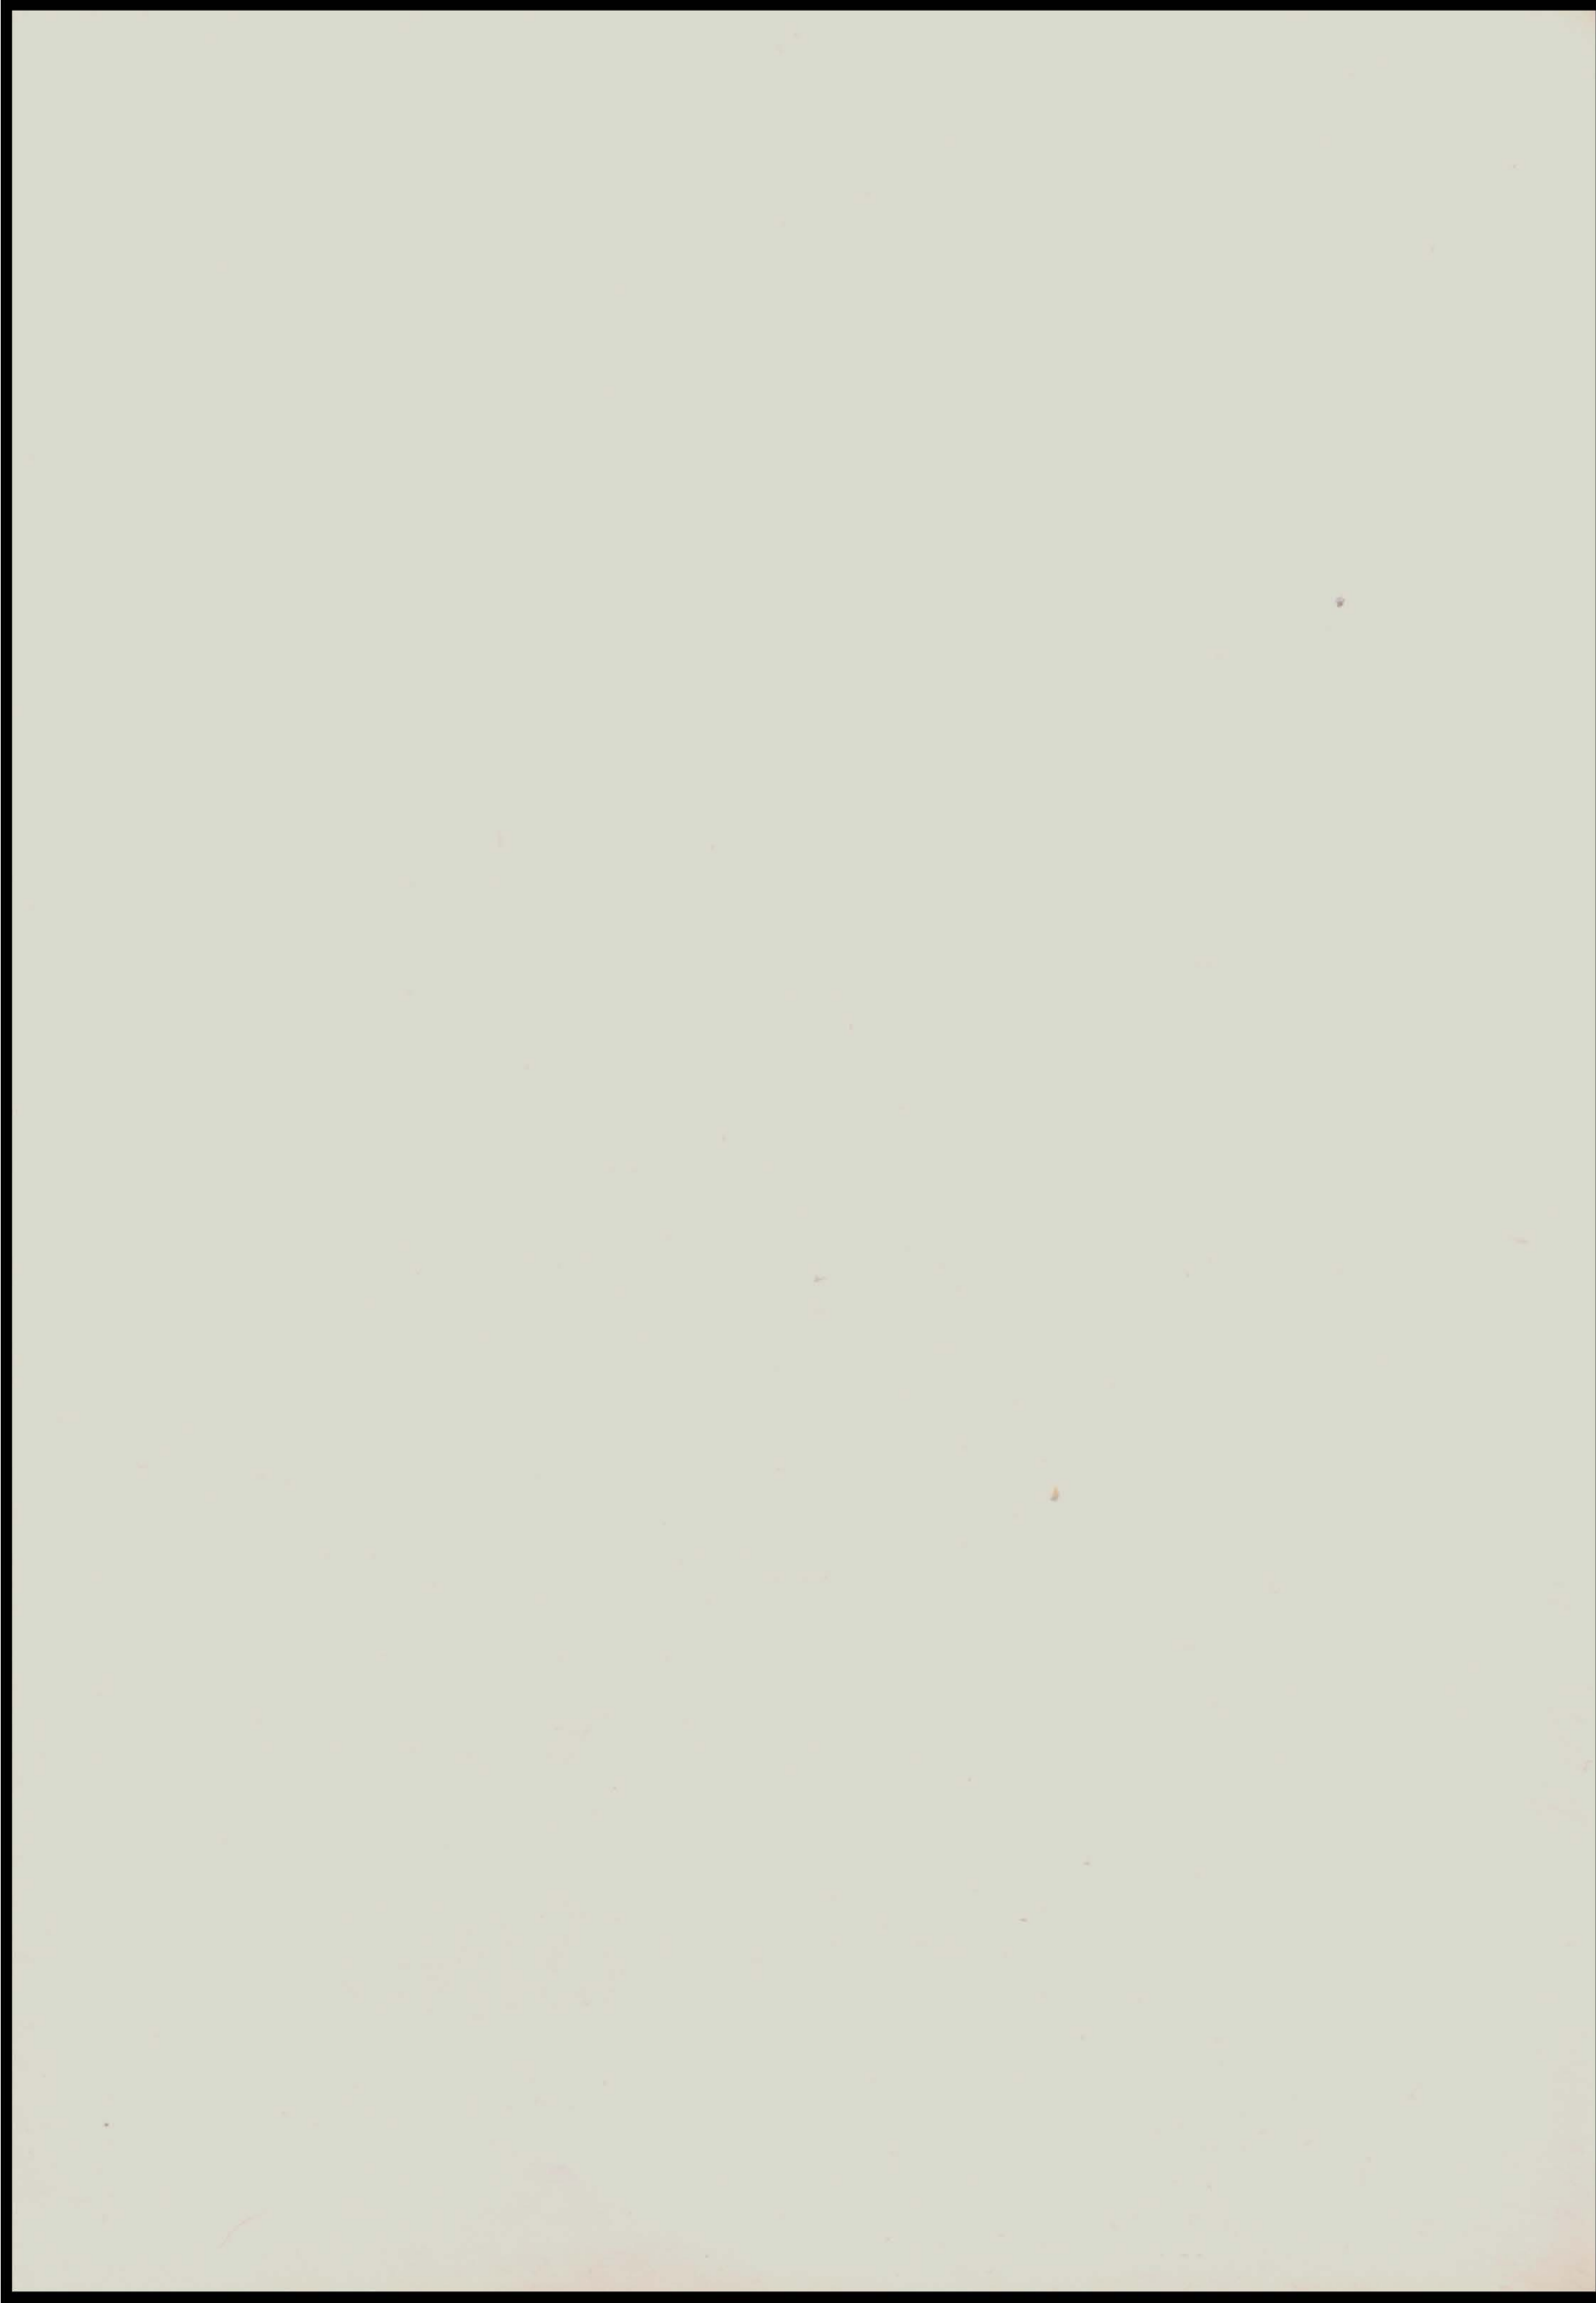

Biggsville, Gladstone, and Oquawka will move classroom equipment in the Summer of 1960. Classes will begin in September in the new Union High School.

FULL LINE OF ADVERTISED MERCHANDISE

We, the Annual Staff, wish to express our sincere thanks to all those who helped make our 1960 ECHO a real success. A great deal of thanks must go to the businessmen of Biggsville and surrounding areas for their patronage.

We also thank the teachers, our fellow students, and most of all Mr. Hall. A lot of patience was shown by him in preparing this, our last ECHO.
