Loyalty

(Tune: Waiting for the Robert E. Lee)

The Southern High Rebels are coming your way now.
 We're aiming for victory and we're gonna say
 That we will - go - fight - and win this game tonight
 Southern High Rebels your doing all right!

We're shouting--

Southern High Rebels are going to fight now.
 Oh, we're gonna make it, 'cause we're in the right,
 So we will - get tough - show everyone our stuff
 And win for our Southern High.

And when you see that red, blue, and grey,
 Stand up and shout Hey! Hey!
 For we are proud that we are
 The Southern High Rebels (The Southern High Rebels)
 The Southern Rebels are great!
 Let's show them how they rate!
 Let's give a BIG CHEER for our Southern Rebels
 Fight, boys, for the red, blue, and grey!

We, the Yearbook Club, dedicate the first SOUTHERNER to James Corzatt, Ralph Lafary, Wayne Bundy, Bernard Schar, Wayne Gearhart, Lee Carlson, and John Spears, members of the Board of Education. The generous giving of their time and effort has helped to build a strong foundation for our school. We deeply appreciate all their work which has helped to make the first year of Southern a success.

Organizations

Student Council

On August 14, 1971, members of the former Media and Stronghurst Student Councils met to organize a Steering Committee, formed to act as a temporary Student Council for the newly consolidated school. To this body was given the responsibility of suggesting a school name, school colors, mascot and song, making homecoming arrangements, and choosing the Christmas assembly movie.

The Steering Committee also arranged the first Southern High School Student Council election and provided that there be one student council representative from each homeroom, which amounted to three representatives for each class. Homeroom elections were held September 13, and officer elections were held September 24. The first Southern High School Student Council assumed their duties immediately after the election.

Members of the Steering Committee were Melody Cooper, Candy Gipe, Rick Link, Dave Sickels, Ed Cassidy, Jan Neff, Jeff Peterson, LuAnn Stamp, Christie Baxter, Mary Ann Davis, Mark Brooks, Phil Brown, Cynthia Hart, Marti Kettelkamp, Pat Little, Ed Keane, Dave Neal, Barb Tatge, Debbie Taylor, and Earl Yeakey.

Officers elected to serve for the 1971-72 school year were as follows: President--Charles Mesecher, Vice President--Randy White, Secretary--Kathy Ford, and Treasurer--Ron Mellinger. Class representatives were Paula Kent, Jim Farmer, Susan Spears, Renee Baxter, Jeff Peterson, Jeff Kever, Randy Bigger, Bruce Smith, Mike Muhleman, Craig Taylor, Mary Ann Davis, and Sally Jacob.

Southern's Student Council was helpful in getting the new school on its feet. After the election of officers, the council members began plans to install candy machines in the school. The Council helped to install the commons and keep it by establishing the clean-up committee. The council also took part in Bi-County meetings between the Councils of the Bi-County to bring the schools of this area closer together. During Muscular Dystrophy Week the Council sponsored and carried out a campaign to raise money for M.D.

This has been an important year in the forming of school tradition, and the Student Council played an active part by running school elections to choose a new school emblem, song, and crest. They also created a new constitution, which is a must in the establishment of a new organization. This year has been an important one for Southern High School, and the Student Council has helped to make it a good one.

The library at Southern High School is now better equipped to meet the needs of students than at any time in the past. A full-time librarian now supervises the library. In addition, books, periodicals, and equipment have been secured which provide students with more opportunity for meaningful research.

The library provides students with a pamphlet file, audio-visual materials and equipment, typewriters, and study carrels. Study carrels are similar to desks and are divided by a partition. They are equiped to accommodate audio-visual equipment such as a film-strip projector or record player (with earphones). Students using study carrels are not easily distracted because of the partitions.

Pupils at Southern find the library a quiet area in which to study, to read, or to do research. Those who qualify for the study commons are free to use the library at any time. Other students must obtain a pass from their classroom teacher or from the librarian prior to signing out of study hall for the library.

The library is presently being developed into a learning resource center. A learning resource center is an improvement over the traditional library as students have access to audio-visual materials and equipment which aid in learning.

The person responsible for the development and for the eventual success of a learning resource center must be extremely versatile. This individual, in addition to being responsible for all printed materials in the library, must also supervise the use of all audio-visual equipment (film projectors, filmstrip projectors, record players, tape recorders, movie projectors, casset players, filmstrips, slides, movies, etc.).

Another responsibility of the person in charge of a learning resource center is to coordinate the film requests for the unit. Members of the unit faculty turn in their requests for films a week in advance. The learning resource center specialist arranges all requests on a single form which is taken to the Warren-Henderson County Film Cooperative in Monmouth. Educational films are then secured for use in the classrooms the following week.

Student Assistants play a vital role in the successful operation of the high school learning center. These volunteers occupy the check-out desk next to the entrance of the library. They help other students check materials in and out of the library, assist students and faculty members in locating materials, and answer general questions concerning the library.

Future plans include the addition of books, materials, and equipment to provide students, faculty, and members of the community with an attractive, well-equipped, contemporary resource learning center.
