BOARD OF EDUCATION

We want to relate in a meager way, and it is indeed a very meager way, our appreciation to the Board of Education for what it really does for us in our school. We know these individuals spend many hours of their time working out ways and means to keep us in stride with constantly progressing steps in the education system.

By enacting certain rules and regulations, students are encouraged in many ways--by the high standard and qualifications of our school principal and teachers; by the provision of better and more modern equipment; visual aid materials; later editions of textbooks; library book additions --space limitation does not permit the many more enumerations we could list here.

Because of the enjoyment derived from the above privileges granted us, we, as students, feel that we may be better fitted and equipped to contribute our influence to the making of a world more congenial to living.

FORWARD

We, the class of "52", who have reached our destination at Stronghurst High, pause, to look back on the many activities of the school years. We have tried to reveal and record years at Stronghurst High, in this, the 1952 Beacon.

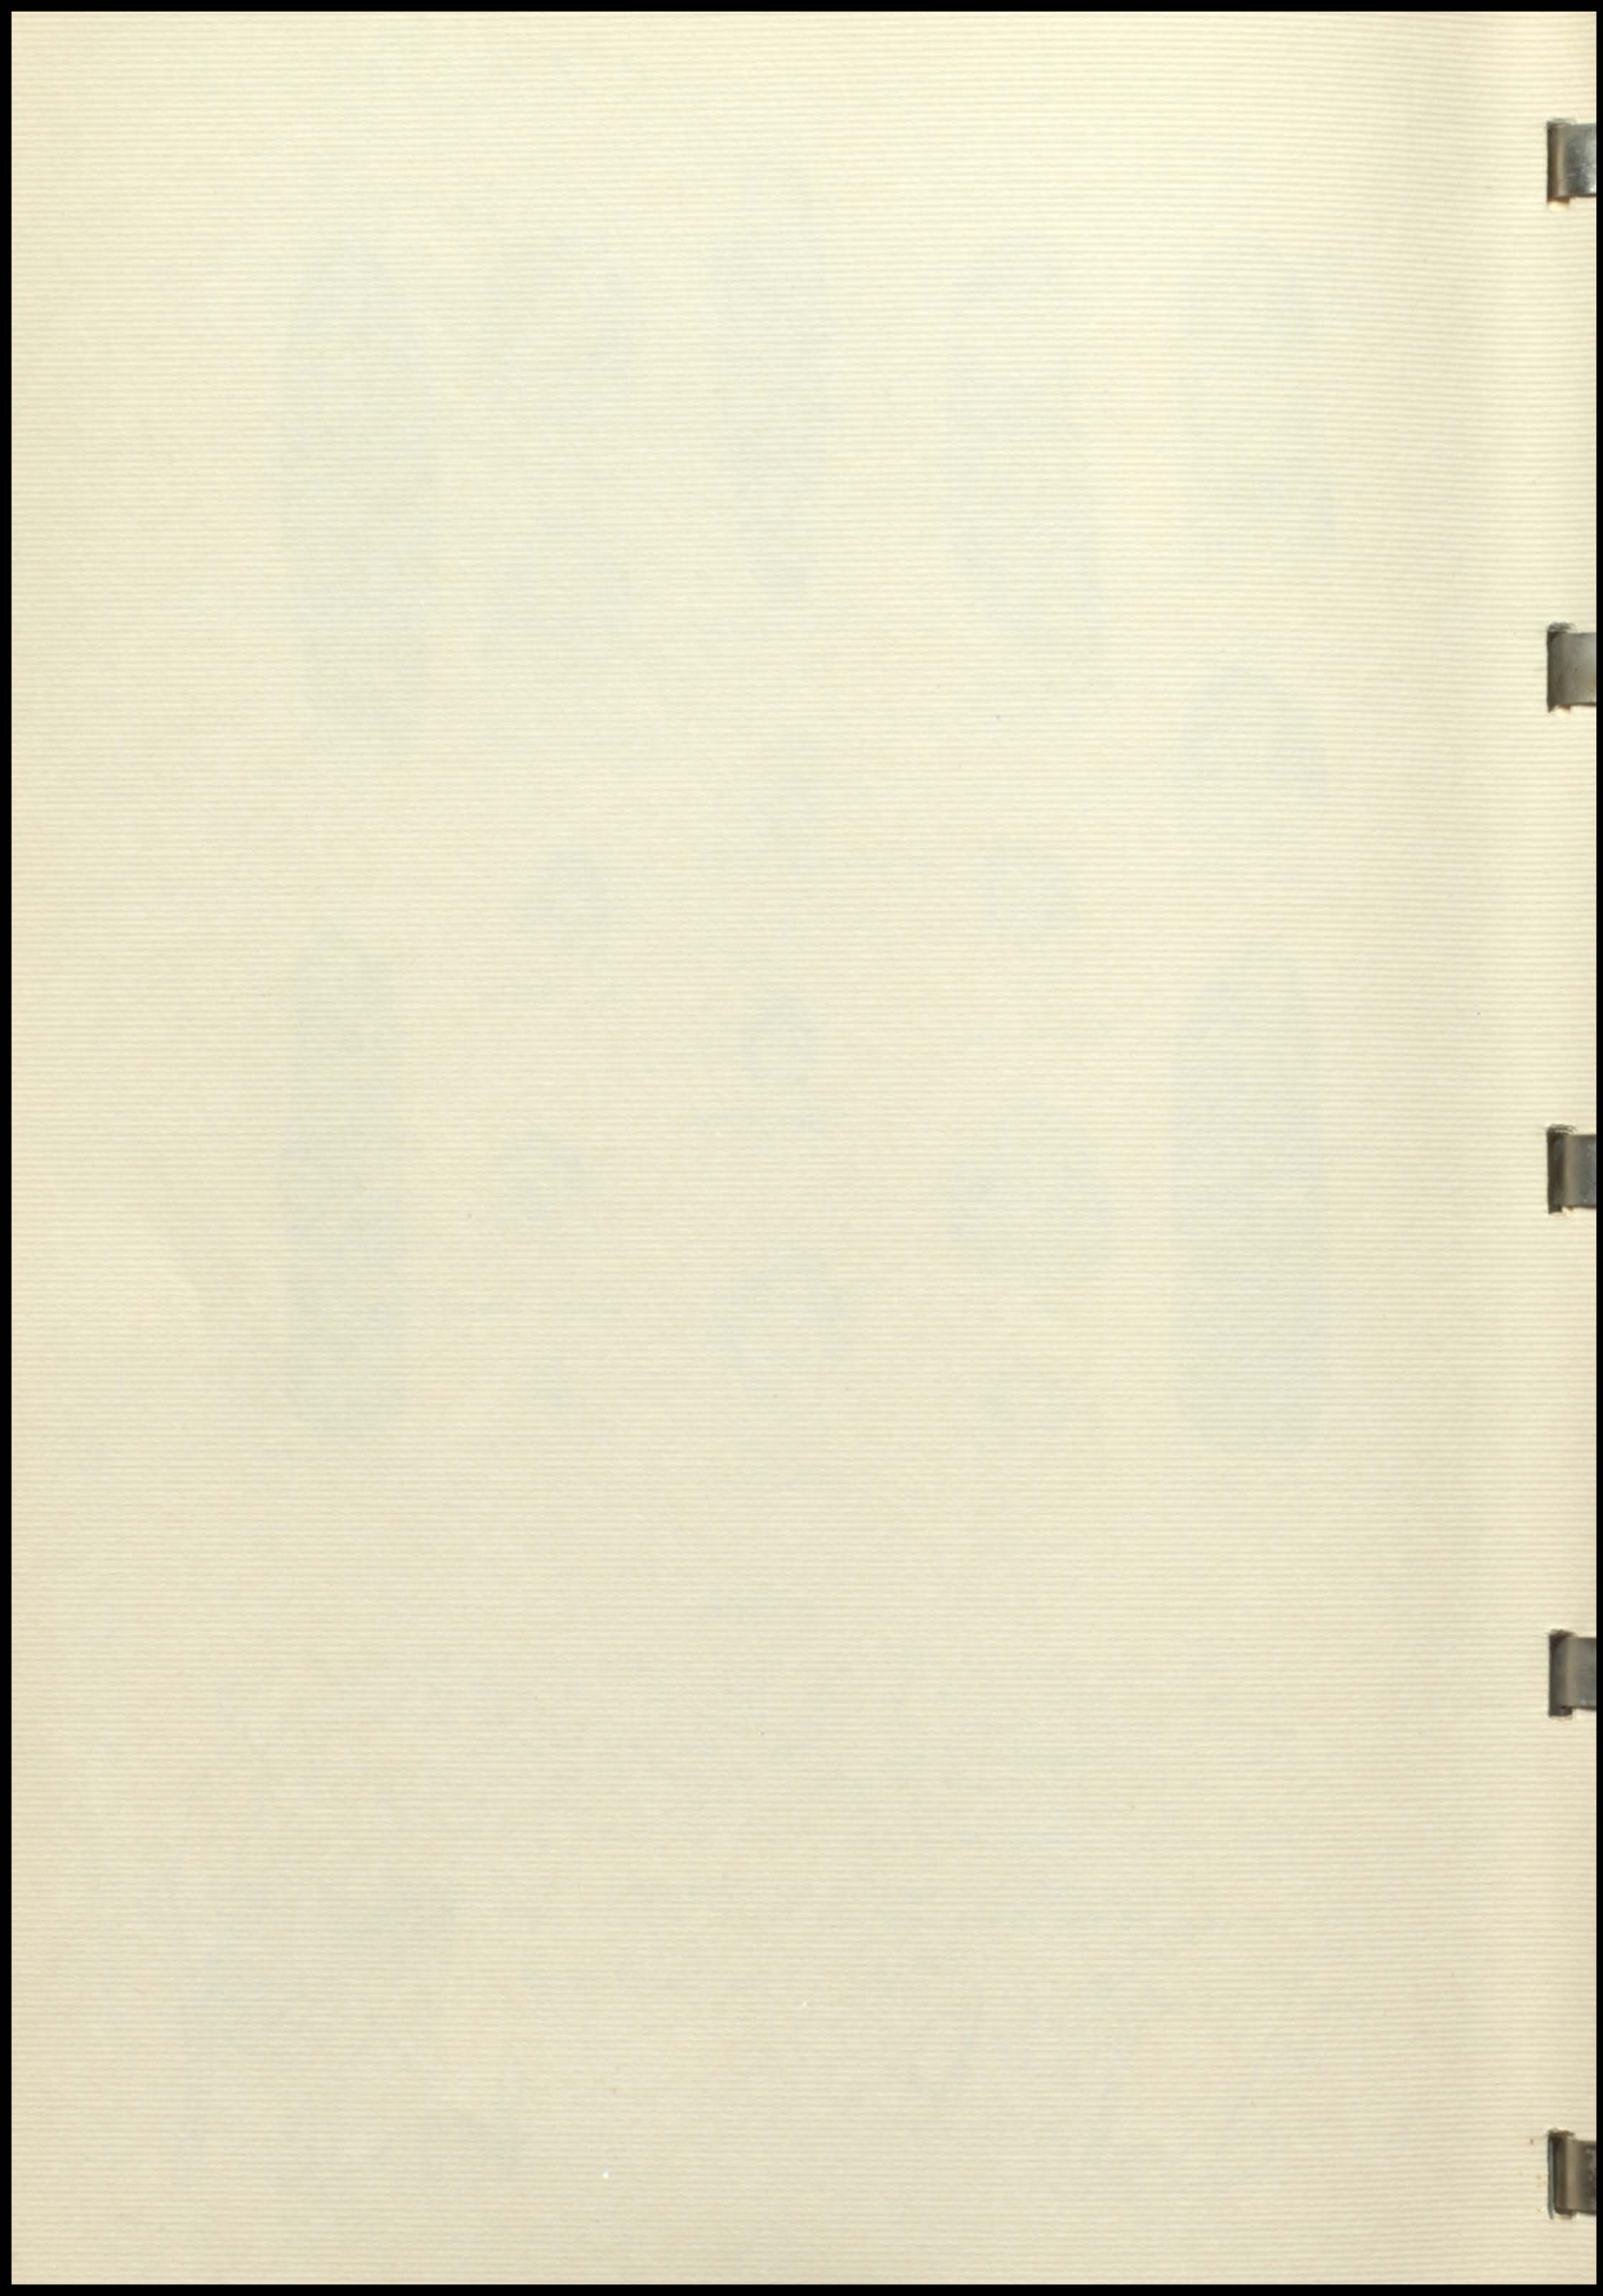

We hope you enjoy reading it as much as we enjoyed working to put it together, and also we hope that into your mind come some of the memories of the "good old times" you had in high school.

So with this, we venture off from SCHS hoping the rest of the years here are filled with as much

SENIOR POEM

We gather together to wish you good-by
The "52" class of Stronghurst High
To teachers and classmates alike we sigh
As we enter a world to either do or die.

Jay Anderson is our class clown
When he's not wanted he's always around
To bother the girls is his great delight
To make them cry and run in fright.

Marilyn Peterson is quite a gal
She's always everybody's pal
There's a certain guy named Darry
Who she someday hopes to marry.

Leon is every girls idea of a man
But only Carol fits into his plan
He's out with her every night on a date
Boy! How does that girl rate.

Now we come to Veva Booten
For our team she's always rooten
She left her friends from Denmark High
And now she's telling us goody-by.

Larry Dowell who's nickname is "Clinch"
Is always around when you're in a pinch
He's also the manager of our team
And we really think he's on the beam.

Although Charlene lives on a hill
The one to get there first is Bill
To get that man is her one aim
To make his and her names the same.

If when you're looking for Rick
And you wonder down among the sticks
Then you'll find him by the light of the moon
Not spooning, but cooning.

Joan Gesling, better known as "Jo"
Always wants to be on the go
She's ready for skating when her work is done
And we all agree she's lots of fun.

Motto: We shall be what we make ourselves.
Colors: Green and Silver.

1. The first part of the paper is devoted to the study of the asymptotic behavior of the solutions of the system (1) as $t \rightarrow \infty$. It is shown that the solutions of the system (1) tend to zero as $t \rightarrow \infty$ if and only if the matrix A is Hurwitz. This result is proved by the method of the variation of constants.

SENIOR POEM (Cont'd)

Dale Webb our Garman lad
Is always trying to do something bad
A lot of things he's often said
Has only made his own face red.

Barbara Johnson leads a pretty good life
Though it's hard to tell if she'll be a wife
She says she's going to be an old maid
Then all she'll have to do is sit in the shade.

Herbie Fox drives a 49 Ford
Isabel seems to be the one to get aboard
They're seen together day and night
As for love they're both very bright.

There's a girl by the name of Alice Ross
Who sometimes goes by the name of "Floss"
La Verne Hollingsworth is her best beau
Whenever he leaves, we think she'll go.

Jim Foresman goes to Blandensville
The girls he picks up are really a kill
To take other girls is his delight
To make their beau's mad enough to fight.

As we go down the line we meet Mary Alice Smith
When we want her around she's always with
Somebody whom we don't want her to be
And that somebody is usually a he.

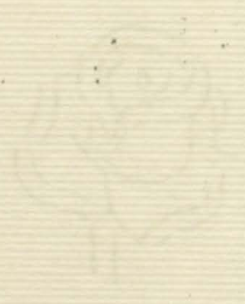

Itchy is the nickname for Roger
When he sees a girl he'll try to dodge her
Roger can run pretty fast
So everybody watch out, he's coming at last.

Marilon McCollum likes a boy named Dick
She thinks that he is quite a pick
She studies a lot on her lesson
But she gets A's and that's really a blessing.

Jack Wanfalt is our Chicago lad
And sometimes he looks pretty sad
But to whose house at Media does he go
Don't be funny Jack, don't you think we know?

Motto: We shall be what we make ourselves.
Colors: Green and Silver.

SENIOR CLASS PROPHECY

Time: 9:30 a.m., May 29, 1975
Place: Office of Movie and Television
Producer: Mr. Jay Fred Anderson

Mr. Anderson strolls into his office looking rather weary from the night before. He hands a letter to his secretary, Miss Alice Ross, and asks her to type and mail it. Looking at the letter Miss Ross sees that it is to the famous Doctor Foresman who is doing great work among the natives in Congo, Africa. Before typing the letter she first reads it over. The letter goes like this:

Dear Mr. J. L. Foresman, MD.:

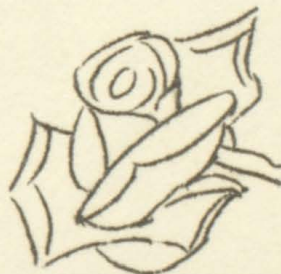

On this day, 23 years after our graduation from Stronghurst Community High School, I thought I would drop you a line telling how much the old gang misses you at our 23rd reunion which we had yesterday. You and Mr. Herbert Fox were among the members absent from the event. Mr. Fox could not leave his million acre sheep ranch which he now lives on in Southern Argentina. I heard he was doing quite well in this new adventure of his.

Because of your absence, I called the meeting to order at my mansion in Beverly Hills, California. Eleven members of our old class were there. We all regretted the tragic death of our former classmate, Dale Webb. After gaining great fame as a mountain climber and climbing all of the world's highest peaks, it seems almost impossible for him to have slipped on an icy sidewalk and break his neck.

The invocation was given by Reverend Wanfalt. Who would have thought that he would some day become a famous preacher. For entertainment we had Miss Veva LaNoire, star of stage, screen, radio, television, and the new felevision, sing popular songs of yesterday. As you know, Miss LaNoire is the former Miss Veva Booten. She changed her name in order to make it sound more dignified.

Among the other guests present was Roger Peterson, who got a ten-day leave to come and visit me. He is now stationed at San Diego, California with the Marines. He is a Four-Star General.

MOTTO: We shall be what we make ourselves.

SENIOR PROPHECY (Cont'd)

Mr. and Mrs. Leon Johnson flew up from Florida. Mrs. Johnson was formerly Miss Mary Alice Smith. Mr. Johnson made a fortune in the lumber business which he inherited at the death of his first wife. He is now in the procedure of spending that fortune. Miss Marilon McCollum, still unhitched, drove out from Decora, Illinois. She is the only one of the old class of "52" to still be located around Stronghurst, Illinois. She is a story writer for the TRUE LOVE STORY magazine.

Mr. and Mrs. Larry Dowell arrived by train in their usual private car. Mrs. Dowell is the former Miss Joan Gesling. Larry and Joan now own and operate a dude ranch in Colorado. Mr. and Mrs. Dowell brought their sons and daughter. Their two sons names are Larry Junior, 18, and Obadiah, 8. The daughter's name is Hezikiah, 10.

After about two hours of recalling old times we all went to one of my five million dollar dance halls where we met the rest of the school chums. One person I never expected to see was Sir Richard Jarvis. He told me he now has an orchestra with 16 players. I am sorry that Marilyn Peterson was not able to be with us. She is in Hong Kong, China, where she and her husband have retired. She has been living there for the past 13 years with her husband and 3 boys. I found out that Charlene Mynatt married and moved to Cuba. Her husband is a professional wrestler and is making a tour of Cuba and Latin America. The late Barbara Johnson is also living in Cuba. She married a sugar beet plantation owner.

It surely seems lonely around here now that everyone has left. It is hard telling when we will all get together again. I hope you will be returning to the states soon. How is your fight to control diseases among the natives coming along? You are about the only former class mate that really became what he said he was going to be.

Sincerely yours,

Jay Anderson

FRESHMEN

FRESHMAN HISTORY

In the fall of 1951 there were twenty-nine "freshies" enrolled at SHS. We were all sorry we lost one, Albert Bolander, leaving us with twenty-eight. We are hoping that these twenty-eight will graduate in 1955.

With the capable assistance of our class advisor, Mrs. Alexander, we have an ample sum of money in our class treasury.

Our officers for the year were:

President	Roxana Harvey
Vice Pres.	Bill Ross
Secretary	Janet Lefler
Treasurer	Bob Bunt
Reporter	Volney Evans
Advisor-----	Mrs. Alexander

On September 18, the horrible initiation day arrived and all twenty-eight frightened students marched through the study hall and through town. However, we still look back to the party and double wedding the sophomores gave for us that evening.

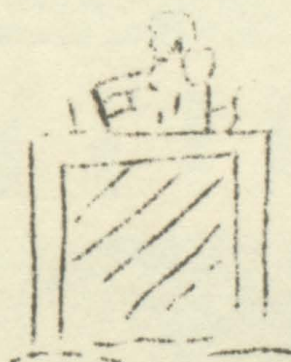

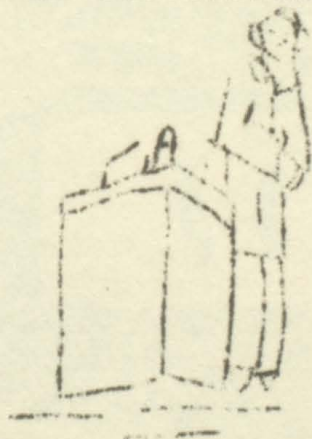

We sponsored a dance October 22 for the sophomores and others of our class mates and faculty. We won first place in the all school magazine sale; we had a party for the sophomores we picked up corn, and also had a bake sale on the morning of Saturday, May 12.

Nancy Peasley and Volney Evans were our homecoming candidates.

At the school carnival, sponsored by the Beacon Club, our class rated tops. Miss Betty Hustead won the "MISS POPULARITY" contest. Her attendant was Bill Waddill.

Nancy Peasley also represents our class in being a junior varsity cheerleader, and also one of the baton twirlers.

We are looking forward to our next three years being as happy and successful as this year has been.

Stronghurst Jr. Class Play, Nov. 16th

Stronghurst (GF) — If you hear anything at night in the direction of the school this week, it won't be a burglar, but the Junior class practicing their play, "Girl Shy." "Girl Shy" is a three act comedy by Katherine Kavanaugh, and by "comedy" we mean hilarious. There are twelve characters and each one is a riot. First there is Tom Arsdale (Bob Anders) who is shy, especially of Sylvia (Martha Holsteen) and Babs (Jeannette Strand). Oke Stimpson (Tom Layman) isn't shy of anyone. His girl friend is Peaches (Jean Kemp). Things really begin to happen when Tom mistakes the richest girl in town for a house cleaner and then falls in love with her!

More laughs come from Janice Balmer, Tom's aunt; Larry Balmer, his father; Delbert Carmean, the dean of the college; Cornelia Moshier, as Asma, the colored wash lady; Sheila Dowell, as Birdie, "real maid," and Richard Knutstrom, Birdie's hard boiled sweet heart. Of course, we don't want you to miss Leland Siverly as Al-fred Tenuuson Murgatoyd, the class poet. For an evening of good entertainment, be sure to see "Girl Shy", November 16.

Junior Class Play

Thursday and Friday, the Junior class had tryouts for their class play, "Girl Shy." The play met with good success from the students and all of them cooperated and read for the different parts. Although all of the students could be in the play, they will be helping with the numerous details that are necessary to produce it, and they are just as important as the actors.

The students chosen for the play are: Robert Anders, Jean Kemp, Thomas Layman, Janice Balmer, Larry Balmer, Martha Holsteen, Delbert Carmean, Cornelia Moshier, Sheila Dowell, Jeannette Strand, Leland Siverly, and Richard Knutstrom.

Tom: I tell you, I like girls. It's only that I'm-- well, I guess I'm a little--
Oke: Kind of Girl-shy.
Tom: That's it.
Oke: Then there's hope. Men get over that.

SENIOR CLASS PLAY

The Senior Class presented the play "Meet Me In St. Louis" in the school gym April 4, 1952.

What can a fellow do when he has four sisters determined to run (or ruin) his love-life! The four sisters are all attractive, from the oldest, Rose (played by Judy Garland in the movie version) to the youngest Tootie, (who was played by Margaret O'Brien). In the high school presentation Rose is played by Mary Alice Smith; Esther, by Marilon McCollum; Agnes, by Charlene Mynatt and Tootie, by Joan Gesling; Lon the brother, by Leon Johnson.

They have no time to listen to their father, played by James Foresman, who is nervously anxious to make an important announcement to the family. Mrs. Smith, (Alice Ross), very graciously tries, but in vain, to keep peace among all. Grandpa's (Richard Jarvis) stories are out of this world. Mr. Dodge, (Larry Dowell), papa's boss, and his "yes" man, Mr. Duffy, (Dale Webb, have some harrowing experiences at the hands of the girls, who are determined to squelch the plans made by them to send papa to the New York office.

Mr. Waughop, (Roger Peterson) and the streetcar conductor, (Herbie Fox), would like to annihilate the girls for the troubles they caused. Ida, (Marilyn Peterson), Lon's hometown girls, conspires with the sisters in their hilarious series of strategies, not only to stay in St. Louis, but to break up the romance between Lon and Lucille, (Veva Booten), an attractive Eastern girl, who is about to capture Lon in order to advance her own selfish interests.

Katie, the Irish maid, (Barbara Johnson), by her patience, has the love of all. Fred, (John Wanfelt), Esther's boy friend, and John, (Jay Anderson), Rose's boy friend, have some misunderstandings from which lovers seldom recover but in the end it all comes out happily.

The Homecoming parade started at 1 o'clock Thursday after noon with seven floats and the A team of business men acted as judges of floats and gave their opinion that the grade school and the junior class tied for first place. Thursday night the student body was led by the local school band snaked their way uptown and responded to the cheerleaders efforts to stir up enthusiasm by means of cheers and songs. Our chapter won the Section IV Parliamentary Procedure Contest. Most of last year's team will be available for competition the coming year.

We were represented at the State Convention held on the campus of the University of Illinois, Urbana. Lyman White represented our chapter in the State FFA Band.

Our spray rig was busy all summer. James Foresman, Harold Gabby, DeWayne Harvey and Larry Dowell alternated in the operation of the machine throughout the year.

The Sectional Fair will be held in Stronghurst this year and the chapter expects to have many entries, since high quality livestock has been selected for our project programs.

Our initiation meeting was held the latter part of September. Seven greenhands were initiated and ten former greenhands were elected to the Chapter Farmer Degree. Our membership boasts of 27 members. Raymond Annegers, and Bob Foresman, former graduates, help comprise this number. Raymond was a Star State Farmer in 1950. James Foresman was awarded the State Farmer degree in 1951 at the June Convention. We attended the Leadership Training School held in Abingdon.

FFA has been financed by such activities as picking up corn, sponsoring the Donkey Basketball Game, hauling junk, landscaping, and selling garden seeds. We are going to sell concrete hog troughs that we made.

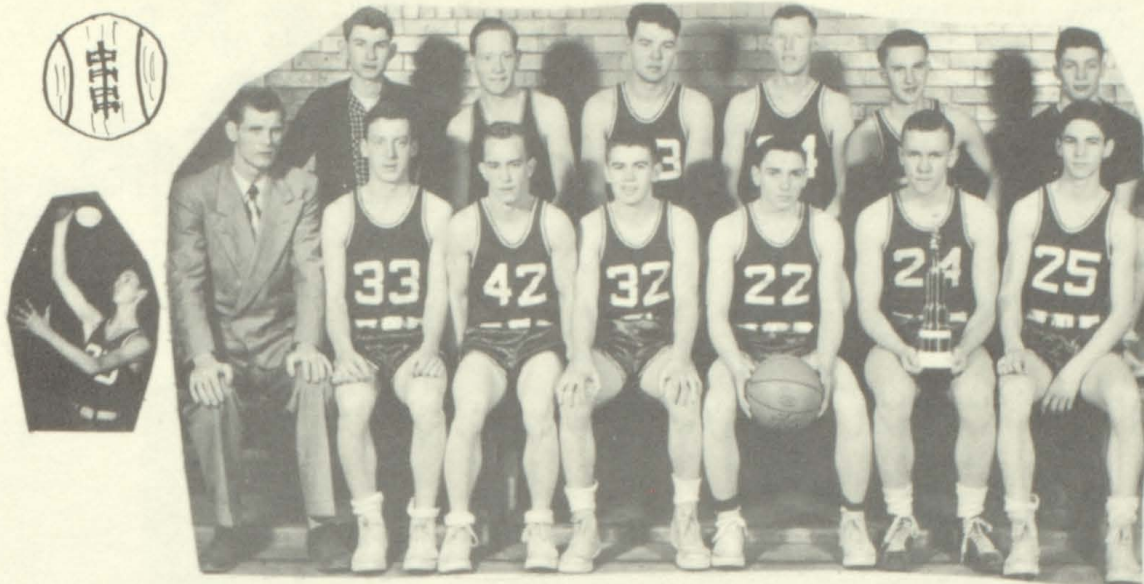

We are going to have an exhibit during National FFA week. The Chapter plans to have entries in the Sectional Parliamentary Procedure contests, and the Public Speaking contest. Three members of the Ag IV class will represent us in a new farm planning contest; a dairy judging team and a fat stock judging team will participate at the June Convention.

The new year offers us a challenge to do more and better.

R. M. A. Downs Stronghurst 26-0

Stronghurst (A) — The Rough Riders of Roosevelt Military Academy scored in every quarter but the 3rd to defeat the Trojans in their opening game 26-0.

Fox, Johnson, and Billups made the Trojans have seven lettermen returning; they are Leon Johnson, Herbie Fox, Harry Billups, Richard Knutstrom, Larry Palmer, Merlin Foreman and James Foreman. Fox and Billups got away for several long runs, but were caught from behind or their blockers tripped them up. Fox who carried the ball 8 times averaged 3 yds. per try.

Although the Purple and White went down to defeat, there were several boys who played outstanding ball. H. Fox was all over the field on defense and made many tackles as any man, his offensive play was a thorn to R. M. A. Billups showed possibilities of breaking away for a touch down any time and played good defense. L. Johnson who was quarterback kept the ball well hidden throughout the entire game which is essential to his position. Johnson also played a lot of defense which averted many a let run.

In the line, Knutstrom showed that he has become well acquainted with his tackle position and opened many a hole for Fox to scoot through. M. Foreman, who played his first game on defense, played good ball considering his inexperience. Bainer who played guard for the first time proved capable of his position. V. Evans, the only Freshman who started the game, was outstanding as the Trojans line backer. Inexperience hindered Volney but his tackling and blocking was sharp. J. Foreman who sprained his elbow in the 2nd quarter was missed considerably by the Trojans on both of offensive and defense. Ford, the Trojans Sophomore line backer, showed that with Evans, the pair are going to be tough to handle for the next two years.

Stronghurst H. S. Leads In WILCO

Stronghurst (A) — Stronghurst took over undisputed first place in the WILCO conference this past week. Tuesday they defeated Gladstone - Oquawka in a close ball game, that saw Stronghurst win in the last 30 seconds with a basket by Fox. Friday night the Trojans traveled to Aledo to play R. M. A. This game was closer than the score indicates. The Trojans were behind 30 to 31 with one minute to play. Johnson tied the game with a free throw, then Fox hit for two quick baskets, and Bob Anders tallied the clincher, to win 33 to 32.

PHYSICAL CHEMISTRY

LABORATORY OF PHYSICAL CHEMISTRY

1. The first part of the experiment is devoted to the study of the effect of temperature on the rate of reaction. The reaction is carried out in a constant volume calorimeter, and the heat evolved is measured. The rate of reaction is determined from the change in temperature with time. The data are plotted as $\log k$ versus $1/T$, and a straight line is obtained. The slope of this line gives the activation energy of the reaction.

2. The second part of the experiment is devoted to the study of the effect of concentration on the rate of reaction.

The reaction is carried out in a constant volume calorimeter, and the heat evolved is measured.

The rate of reaction is determined from the change in temperature with time.

The data are plotted as $\log k$ versus $\log C$, and a straight line is obtained.

3. The third part of the experiment is devoted to the study of the effect of solvent on the rate of reaction. The reaction is carried out in a constant volume calorimeter, and the heat evolved is measured. The rate of reaction is determined from the change in temperature with time. The data are plotted as $\log k$ versus $\log C$, and a straight line is obtained. The slope of this line gives the activation energy of the reaction.

HUMOR

A husband and wife were in a bitter argument about who was the most extravagant. "You accuse me of spending money recklessly," said he, scornfully. "When did I ever make a useless purchase?"

There's that fire extinguisher you bought last year," she countered, "We never used it once, not once."

Nothing in this world is free but the grease you get on the steering wheel in a garage....many people drive like the finance company was after them..and they probably are.....

A parking lot is a place where you take your car to have the paint scraped off the fenders.

Inflation is usually a long way off, especially when a motorist gets a flat tire.....

One of the best automobile insurance policies is a Sunday afternoon nap.

Jane: "You Promised to marry me if it was the last thing you ever did."

John: "Don't rush me, babe. I'm still working on the top of the list."

A notorious moocher went to see a doctor. Asked what was wrong, he pointed to his throat and said hoarsely, "Cigarettes."

"Uh...huh...", said the doctor. "Smoking too much!"

"No," whispered the moocher, "asking for them."

"Ain't it miraculous how Jonah spent three days in de stummick of de whale?"

"Tain't such a much. Mah uncle done spent longer'n dat in the stummick of a alligator."

"Sho' nuff? How long?"

"Goin' on two years now."

With some girls, "no" is like a comma.....it doesn't mean a complete stop.

Man is the only animal that can be skinned more than once.
