

SABRE 73

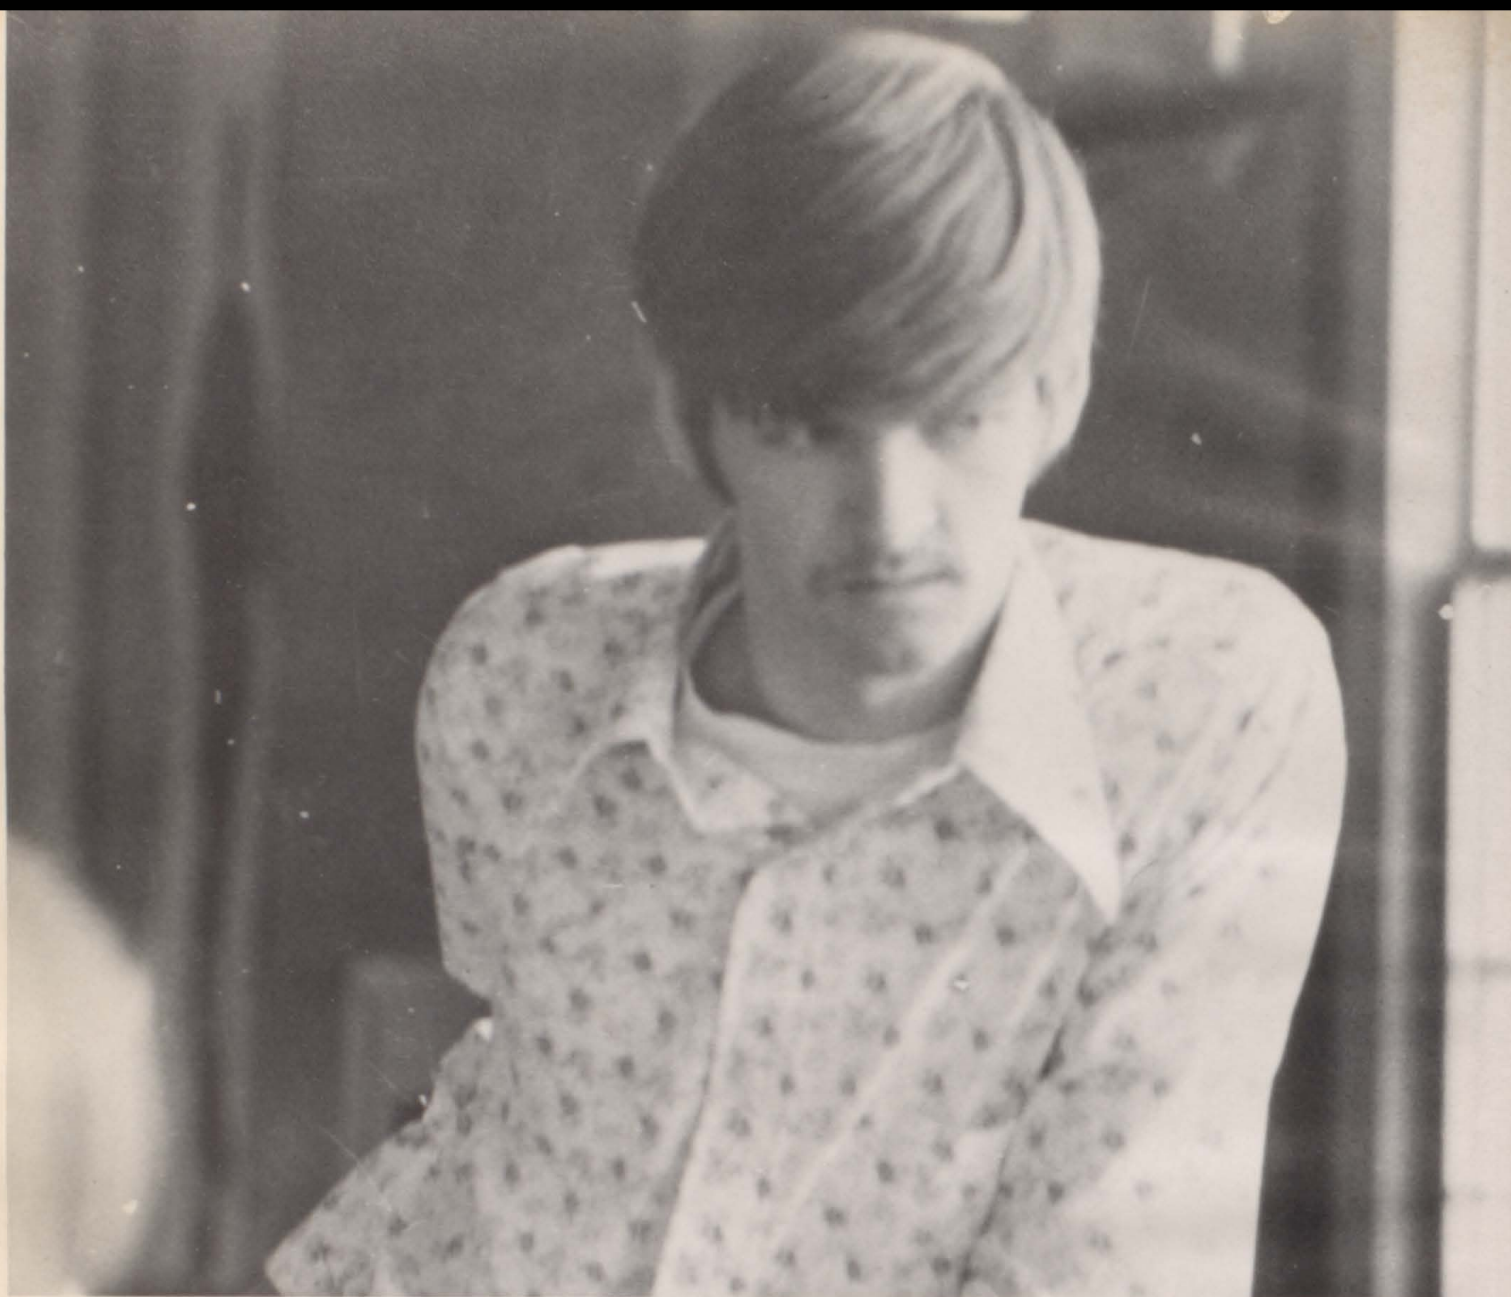

UNION HIGH SCHOOL DISTRICT

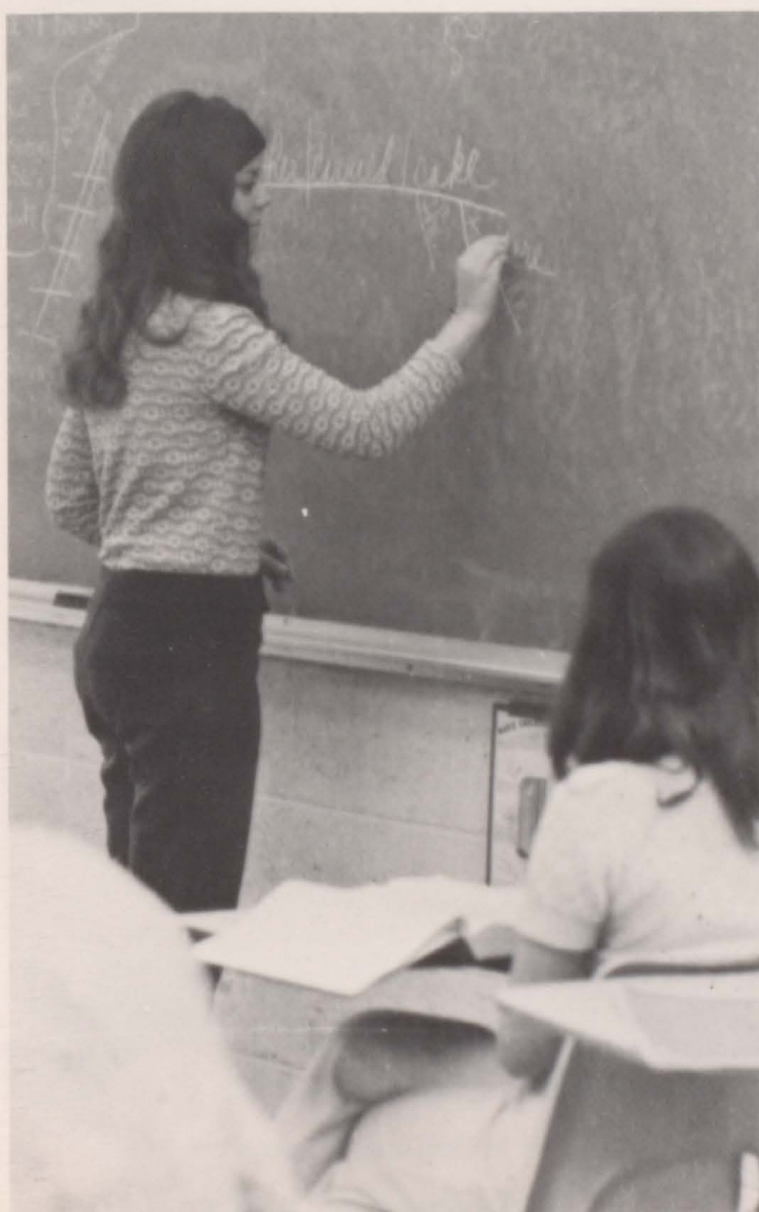

The Yearbook Staff would like to dedicate the 1972-73 edition of the Sabre to our sponsor, Mr. Rick Mackie. Without Mr. Mackie's help the yearbook wouldn't have been possible. The staff greatly appreciates all of his efforts and encouragement.

This was the first year that any of the staff (and Mr. Mackie) had ever worked on a yearbook from the diagram of pages to the final copy. There were many problems, frustrations, and long nights spent after school trying to create interesting pages and meet deadlines. Fortunately, everyone pulled through without losing sanity.

We hope the yearbook reflects Union's student life and that you enjoy it.

"I hope he's better looking inside than he is outside."

Larry Carner mixes a special creation for blowing up the Chemistry lab.

Students were faced with new terms and concepts as they strove for a better understanding. Trying, failing and trying again were common procedures in Chemistry labs. Some Biology students found dissecting interesting, others just got sick. Such things as field trips and surveying were taken up by the Physics class.

Our Celebrated Artists

Art 1 and 11 provided our struggling artists an outlet for their talents. Photography and leathercraft were added this year along with the regular choices of painting, drawing, and crafts. Light bulbs, milk cartons, and pistons found their way into many projects, but the pencil and brush retained their position as the most popular medium.

Contests and weekly displays in the halls brought comments from faculty and students. The town and country Art Show topped off the year with two entries going to regional competition.

U.S. History — The Past Mirrors The Future

To everyone's delight this is a required course that will survey the social, cultural, and economic developments in our nation's past.

A new format will be followed in the 73-74 school term, which will include a brief study of the colonial period so that the U.S. and State Constitutions can be examined in depth. After the completion of the Constitution test, we will move to the area of major emphasis, the 1850's through the 1970's. Films frequently are shown in order to promote a visual concept of the various periods being studied.

Is It Soup Yet?

The Home Economic classes taught with modern equipment and facilities. The first and second year classes learned the fundamentals of cooking and sewing. Food services met for 2 periods each day. This class was structured to prepare students for employment in a wide range of occupations related to the food industry. A new class opening this year was Decisions for Contemporary Living. This was an individualized program where each student chose a topic they were interested in and spent one semester studying it in depth.

Figures Were The Main Attraction

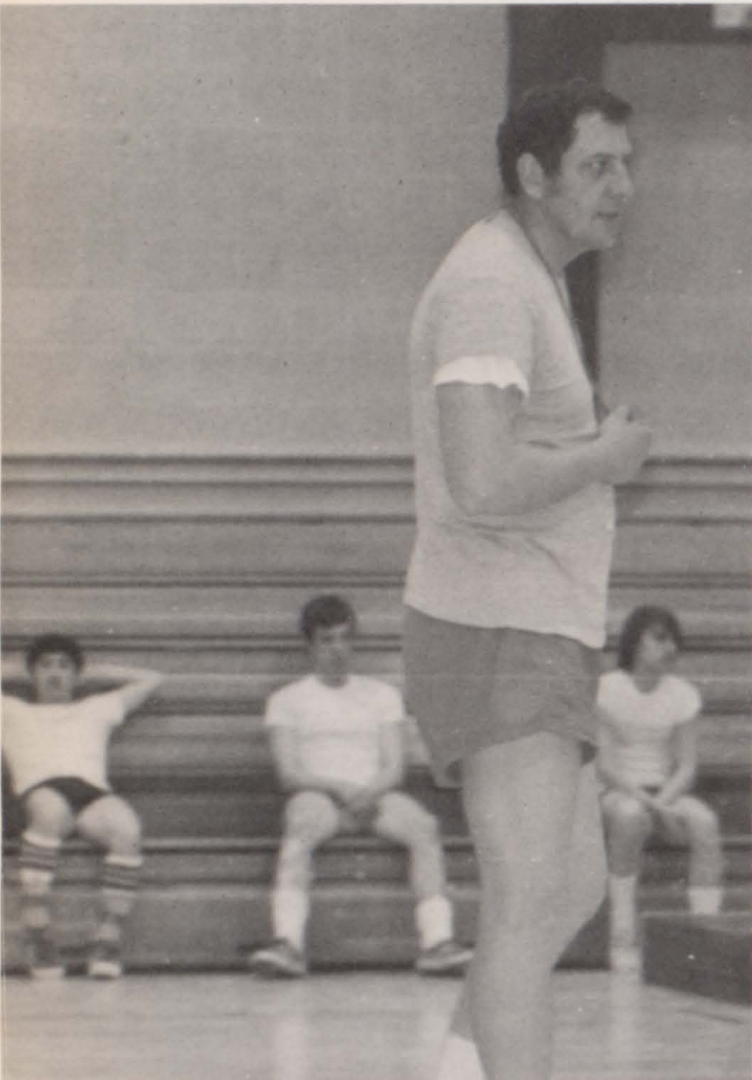

Mathematics offered a wide variety of classes from geometry to advanced math, and with them came the usual problems. Students sweating out the night before exams and arguing whether or not $2.999 = 3$ with the teachers were a few. However with the problems also came the triumphs their faces showed when their papers came back with "A's" on them.

Food!

A reception was held for the new initiates and their parents after the program. The refreshments were served by Mrs. Griffiths and the Food Services class.

This year's National Honor Society was an honorary organization. A more active group is planned for next year when the society will try to encourage its four ideals of scholarship, leadership, character, and service.

Congratulations,
Kathy!

The Band

The 1972-73 Marching Yankee Band was quite active during this term. The band provided pre-game and half-time ceremonies at Yankee home football games and between game music at Yankee home basketball games. The band endeavors to put on a different show or marching drill with different music at each of its public appearances.

The Marching Yankees also participated in the Prime Beef Festival Parade in Monmouth; Burlington Band Days Festival; Western Illinois Homecoming Parade in Macomb; the Burlington Holiday Parade and the Steamboat Days Parade.

The Concert Band was limited in scope to presenting a Christmas Program, participation in IHSA solo and ensemble contest and IHSA organization contest, and playing at UHS Graduation Ceremonies.

TOP: Arriving in Mexico City

On April 14 from Monmouth, Ill. 9 students from Union and 25 Yorkwood students - along with 3 chaperones-embarked on a bus and train trip to Mexico. Arriving on Tuesday, April 17, in Mexico City, the group began a 5 day sight-seeing and shopping tour of Taxco, the Aztec Pyramids, Cuernavaca, as well as Mexico City. There was a lot of fun-and a lot of sickness but the new experiences and new friends made the trip unforgettable.

and buckets of tears.

The Varsity Cheerleaders brought a new spirited look to Union with new uniforms, new cheers, and two pom-pom routines which they learned at the Rockford Cheerleading Camp.

The J. V.'s attended the Monmouth Cheerleading Clinic and brought home several new cheers. In order to make money for next year they sponsored a slave auction, sold pizzas, and sold helium balloons at Homecoming.

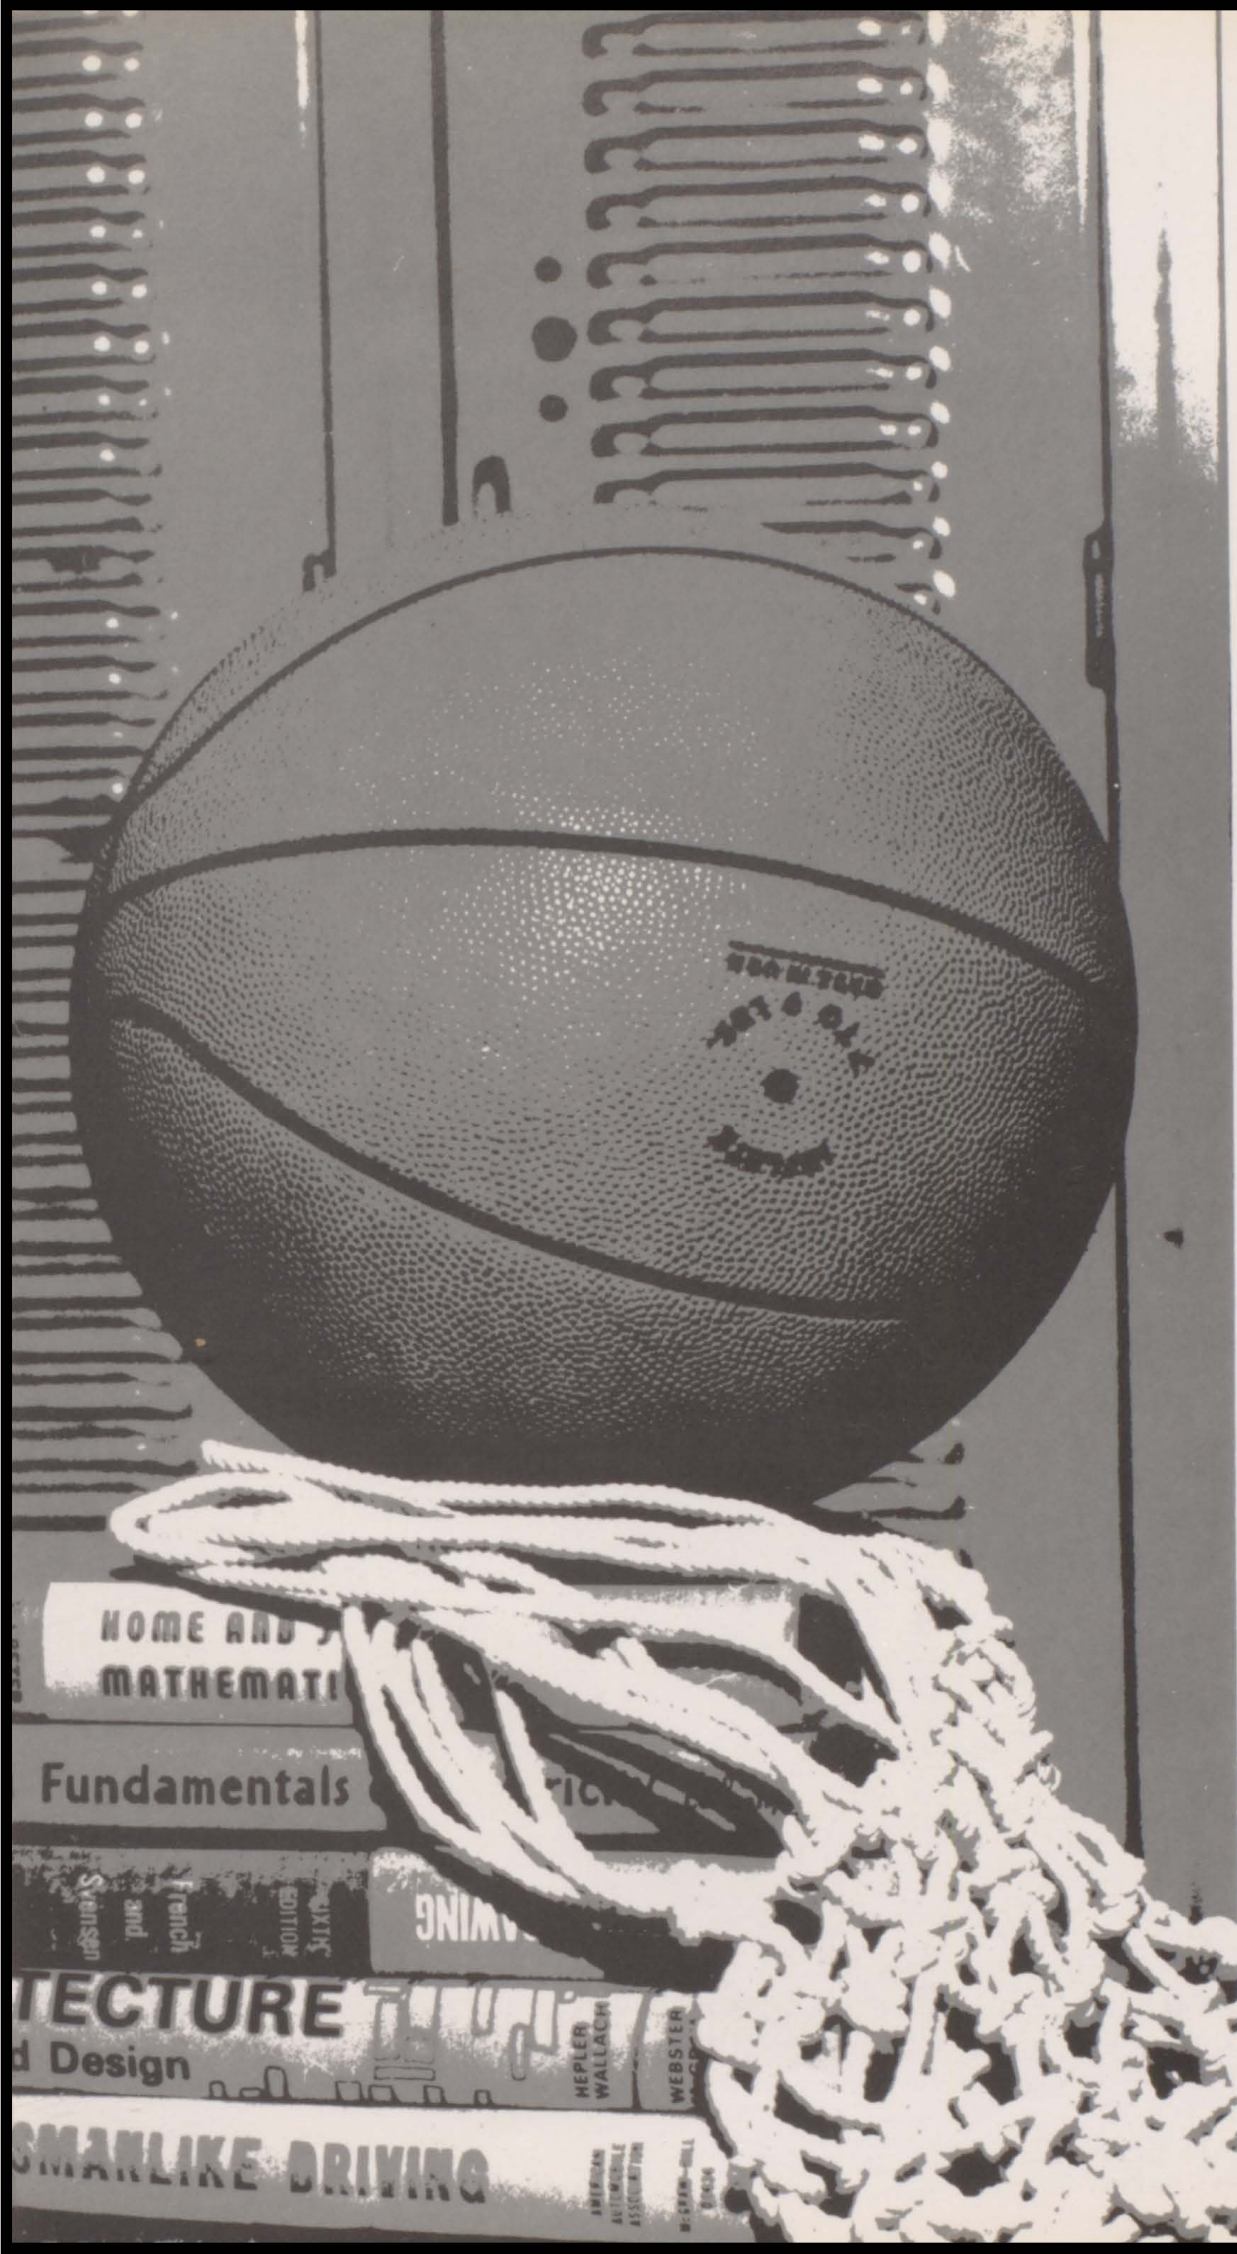

Our Freshmen were a new addition and with them brought something needed at Union--acrobatics.

All three squads had a lot to offer in spirit, skill, and sportsmanship. They strove always to make cheering a worthwhile experience.

“OUR COACH DYE”

The 1972 football Yanks finished with a 1-6-1 record. The Yanks were just steps and inches away from winning a majority of their games. However, the record in no way indicates the pride, poise and sportsmanship continually demonstrated by the Union football players on and off the field. It is easy to show these characteristics when a team is winning; but, when these attributes are demonstrated during a losing season no one need be ashamed.

Thinclads Take

Track at Union started on March 5, 1973, in the gym, with twenty-one boys reporting, including returning lettermen Lyle Jones, Marc Olson, Mike Ruberg, Terry Krow, Dan Millar, Kevin Shau-man, Bruce Ruberg, Rod Slover, and John Wegman. After two weeks of conditioning, practice moved outside as weather permitted, and work was started on individual events.

On April 3, we traveled to Burlington for a dual meet with Notre Dame, and the start of another winning season. When we climbed back on the bus again, we did so with a 82 to 41 victory, having won every event except the 120 high hurdles, mile run, pole vault, and 440 yard relay.

Two days later we were in West Burlington for another dual, and this time the weather was slightly warmer. Of the nineteen events we won thirteen of them, and finished with a score of 88 to 63 over Falcons. During this meet Rodney Slover set a school record in a new event for us--the triple jump--with a distance of 34' 7 1/2".

On April 13 we were at Keokuk for one of our favorite meets. We finished with 33 points for third place in a field of thirteen schools in the Class C Division. Only Rushville and Mediapolis outscored us.

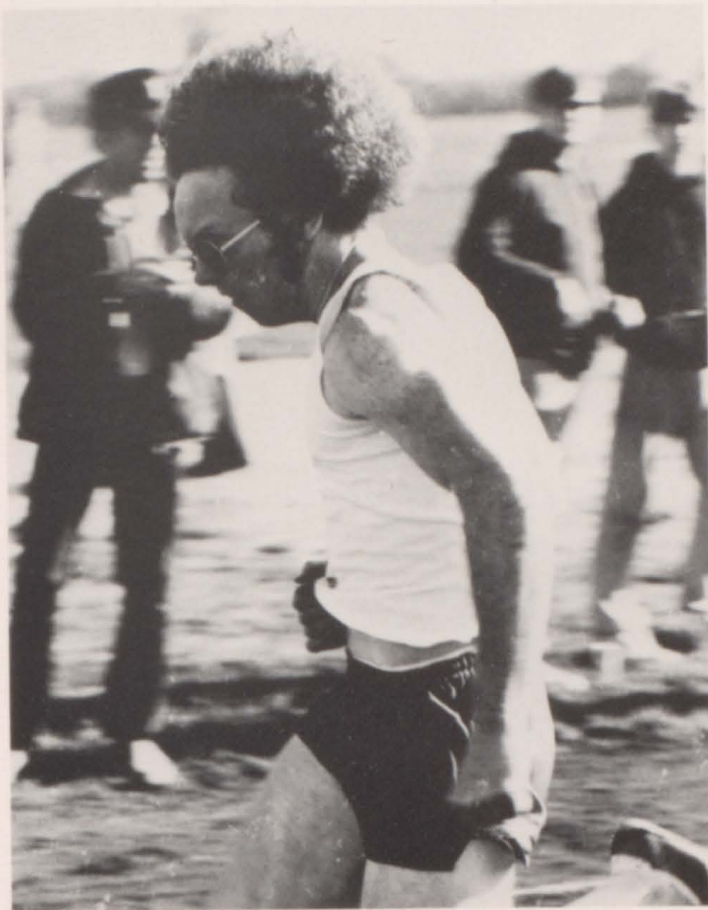

On the 19th we were at Yorkwood for a new meet--the Blue & Gold Olympics--where we finished in fifth place. It wasn't one of our best nights. In the Penthalon, our entry--Bruce Ruberg--scored 2196 points to take second place; quite an accomplishment.

At the Carthage Relays during the Spring Vacation break, we scored 23 points to get us sixth place out of a field of eighteen schools. Lyle Jones won the 100 yard dash with a time of 10.5 seconds, and placed second in the 220 yard dash. Rod Slover placed second in the 180 low hurdles, and our 440 and 880 yard relay teams placed fourth and Rod Slover picked up a fifth in the long jump. Due to the vacation we were minus some members, including John Wegman who was in Mexico.

Our meet with Southern on the 26th found us still minus some members, but we still won with a score of 70 to 57 over the Rebels. The meet was held on the one/fifth-mile track at Media, and this took some getting used to on the long races.

The highlight of the 1973 season was our May 1 winning of the Bi-County conference meet with a score of 52 points. The meet was held at Sciota on the Northwestern field, and the weather was cloudy, cold, and wet. This was the second time we have won the Bi-County meet in three years, having missed winning it in 1972 by two points. We also won the 880 yard relay again for the third straight time to bring the traveling trophy back to Union.

Bi-County

Track cont'd. Our other first place winners included Marc Olson in the pole vault with a height of 10'6", and Lyle Jones in the 100 yard dash with a time of 10.5 seconds--good for the weather. Terry Krow placed second in the shot put, Kevin Shauman second in the discus, Lyle Jones was second in the 220 yard dash, with a time of 23.4 seconds for a new school record, and John Wegman placed second in the mile run. Other point getters included Rod Slover, Bruce Ruberg, Dennis Dehner, Dan Millar, and our mile relay team of Mike Ruberg, Rod Eaton, Dan Millar, and Dennis Dehner. The mile relay team placed a contested second place behind Warren, and Dennis ran approximately 430 yards of the anchor leg with one shoe off.

In the Freshman Division our four freshman, Sam Bigger, Steve Higbee, Darrel Bielser, and Jim McKinney, did their best, but this wasn't our year.

Three days later we were at Yorkwood for a triangular meet. Final score was Union 76 points, Yorkwood 58 points, and Dallas City 22 points. We won all but five of the varsity events.

May 8 found us at Roseville for the Relays where we finished with 37 points to place us fourth out of sixteen schools. For the 2nd time in a week we had beaten all the Bi-County schools; this time the closest one was 11 points behind.

Track cont'd. Our last dual meet was with La Harpe. Held at the Oquawka field, we won all the events but four, and finished with a score of 85 to 40 to keep our record perfect in the dual meet area. One interesting race was the tie in the mile run between John Wegman and Mike Torrance with a time of 5:16.7. (Mike had a bet that he could run a mile in less than 6 minutes, and for a 440 yard runner it was A-OK.)

We didn't send anyone to the State meet this year from our District but Rod Slover placed fourth in the long jump, and Lyle Jones placed fifth in the 100 yard dash.

Our final meet of the season was the Fort Madison Relays held on May 22. In a field of 20 schools in the Class B division, we finished seventh. In so doing we set two new school records. Lyle Jones broke the 100 yard dash record with a new time of 10.2 seconds, and the 440 yard relay team of Mike Ruberg, Bruce Ruberg, Rod Slover, and Lyle Jones set a new time of 47.7 seconds. Overall it was a good night, except for a slight accident at Hardee's where Mike Ruberg's left arm found a glass door isn't unbreakable.

On May 25 the track was honored with a banquet at Hend-Co-Hills Country Club. Following the meal, letters were presented to Dennis Dehner, Lyle Jones, Marc Olson, Mike Ruberg, Terry Krow, Dan Millar, Mike Torrance, Bruce Ruberg, John Wegman, Kevin Shauman, Rod Slover, and Jody Graham. Jody was the Statistician and Manager for the Union Thinclads during the '73 season, and did an outstanding job on both counts. The Annual High School trophy went to Lyle Jones for his record in compiling 126 points.

Marty Victory has been a big help to the yearbook this year. When we were trying to sell year books to raise more money, he was there ready and willing to help. He sold 20 yearbooks. Also Marty sold so many, many candy bars that we lost count. His help was greatly appreciated by Mr. Mackie and the staff.

Take me, I'm yours.
