Unit 115 Board Of Education

Mr. Franklin Brokaw- President., Mrs. Emma Jean Carner- Secretary., Mr. Lloyd Cochran., Mr. Max Ferguson., Mr. Clifford Johnson., Mr. George Torrance.

The Union Community District #115 Board of Education is a duly-elected, Public board consisting of seven member nominated and elected by qualified voters of the district, for a period of three years, or as prescribed by state law.

The board has the primary function of developing policies which govern the operation of the district. They have authority and power only while in session and acting formally as members of the board, or when acting as a committee appointed or elected by the

The direct administration of the district is delegated to Superintendent Wegman, who acts as executive officer of the Board. The superintendent is directly responsible to the board for the execution of the district's policies rules and regulations, and other duties directly assigned to him by the board.

Wayne McCombs in an interview with yearbook staffer Harriet Russell reveals the truth behind a sign on the office bulletin board that says: ''Principals are People, Too.''

Ms. Russell:

Mr. McCombs: Mr. McCombs, in your four years at Union what do you consider your greatest achievement for

the student body?

As I reflect on the past four years, perhaps the greatest contribution I have made to UHS has been spending time and energy organizing and monitoring a good, sound educational program and environment. This program and environment can be demonstrated by some of the changes during these years: handbooks for the student body and faculty, course descriptions, reactivated student council, computer-assisted scheduling and grade reporting, textbook and departmental budgets, student temporary files and other recordkeeping updates, new equipment for the band and audio-visual, the marquee, and improvements in the lighting system, track, welding and automotive shops and two new classrooms and the list goes on.

Do you think the attitude and atmospher at Union contribute to a good, educational setting? Perhaps the greatest noticeable change has been in the students' attitude. Knowing the faculty and I care about them and are proud of them has changed uncertainty into a productive student body. During these growing years I have attempted to maintain a policy of being consistent, fair, firm and friendly with every student

at Union High School.

What would you like to see happen for the stu-

dents in the next few years?

Unfortunately, most of what I think the student body needs to make a well-rounded education costs money. The physical facilties must be improved. We have space and interest in tennis courts, a universal gym, outdoor basketball court, softball backstop, visitor bleachers, concession stand with restroom, additional parking, enclosed storage for equipment and materials, and an enclosed walkway to the shops. I would like to see a wider range of subjects for the academically able students and classes for our exceptional, gifted students.

Before you became a principal, did you teach in

a classroom situation?

started my educational career by teaching all high school math classes in a small community in Missouri. I moved to Hamilton, Ill, and taught 7th and 8th grade math for two years and high school algebra for three. Before coming to Union, I served as principal at Dallas City High

School for two years.

Union has so many extra-curricular activities that you attend, do you participate in the com-

munity?

Although I am quite interested in community activities, I have found that I have little time available with all the high school's events. I am a member of the Monmouth United Methodist Church, YMCA and the Prime Beef Festival Committee. I served one year as chairman of the parade committee and two years as a member. I find a great satisfaction in my work with the students and faculty at Union. Perhaps my greatest reward or recognition was the honor of being named the ''1978 Educational Administrator of the Year."

Leader In Disguise (Ha, Ha!)

Barb Price is our official secretary here at U.H.S. This is Barb's 18th year serving Union. Although she spent her 1st 2 years as a cook the past 16 years she has had her present position in the office; keeping track of everything and everyone, doing the bookkeeping, writing admits (excused, unexcused?) and taking care of the money!!!!

But perhaps Barb's most important job of all isn't a secretary, but as --- ''MoM'' to 350 students. Plus a whole lot

Wake up Ice Cream man.

The Student Council of Union High is elected by the student body to represent the school and the community and to help improve any necessary improvements. They delegated the concession stand to various organizations so that they could purchase their own needs, the basketball boys worked and purchased sweat pants for the Varisty, Homecoming is also a big project for the Student Council, with all the organization in control, we still make a profit. Throughout the year the council sponsored dances, and movies.

A total four dances, including the Homecoming Dance, and the movies included ''One on One'', ''Smokey and the Bandit'', ''Drive-In'', and ''Oh, God!'' A new set of letters for the marque were purchased, along with a new coffee pot and hot dog machine for the concession stand. Also, a new money maker this year was the button machine - buttons were made by the dozens designed especially by the owner. Many other projects were completed by the Student Council - along with the annual ''Cider and Donuts.''

Mom I'm smarter than you think.

The National Honor Society is an organization that recognizes students for scholarship, service, leadership, and character. Membership in this Society is limited to sophomore, juniors, and seniors who have been selected on the basis of these four criteria. The membership of the National Honor Society represents the highest level of excellence in the school; its programs and activities reflect the Society's dedication to character, scholarship, leadership, and service. But membership in this Society is only the beginning of an obligation to exert a new influence to improve conditions about us today, and tomorrow, as students and citizens.

The emblem of the National Honor Soci-

What are you smiling at Bailey?

How would you like to take a class where there was never any homework & you never had to take a test? Such a utopia does exist at Union High School this year in the form of a Reading Skills Center. It is under the direction of Yvonne Knapp & Jan Jeske. The Reading skills center does not teach students to read but it does help students develop the reading skills they already have. This program was initiated by concerned teachers who felt it would benefit their students and the program was established Title I. finding.

Wanna fight Ref!

Union's season started off on a weak foot by losing to Carthage at home, not only did we lose the game, but we also dropped our next 2 games due to a great deal of injuries, which caused poor play.

After our first 3 games, we got our act together to even the season at 3 wins and 3 loses. This was the first time since 1970 that a Union team has won 3

games in a row.

The last 1/3 of our season was not so fortunate. As we ran into a very physical team at Northwestern, and dropped a heart breaker to Roseville in the closing seconds. After the two games, it became very difficult to prepare for the upcoming Southern game. To some people's surprise, Union was ready, our offense was scoring, but our defense could not contain the powerful state class 1A semifinalist, falling 22-48. To our surprise, we were the only team in the Bi-County to score that many points on Southern.

Our overall record was a dismal 3-6, and finishing at 5th place in the conference. Although our record may not be anything to be proud of, there are of course, some individual records and team records set for this season, that deserve some recognition.

As a team, we finished 10th in the state in class 1A schools for Total Offense. Some of the other records that fell this year were first downs for a season 111, Passing Offense 371 yards, Rushing Offense 1661 yards, Scoring Offense 154 points, Blocked Kicks in a Season 4.

We also had several individual records for the past season, one which stands out the most is Kirk Lewis' 1078 yard rushing performance. This was a first even for a Union athlete. Kirk finished 3rd in rushing and 5th in scoring among Class 1A schools.

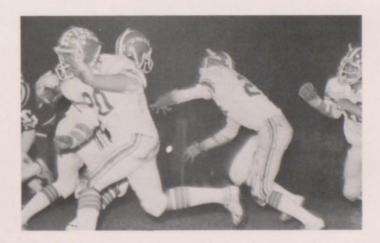

David Tee also had a fine season with 38 career pass receptions and a season record of 11 quarterback sacks. Both David and Kirk earned All-Conference Honors.

Scott Cooper has a record of his own, one which will stand for some time to come, an 88 run from scrimmage scoring a TD.

mage scoring a TD.

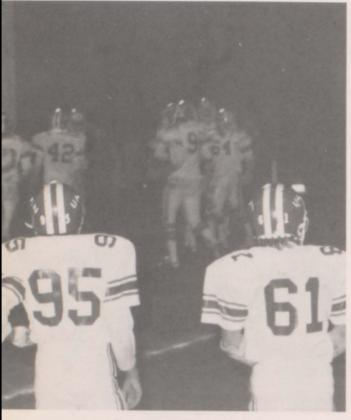

Like I said, ''we may not have won very many games, but I felt we made them exciting to watch.'' I want to wish the best of luck to these young men, on Unions' Football Team, for their future.

Yanks Place Second In Bi-County Tourney

The Union High School 1978-79 basketball squad consisted of 7 seniors, 2 juniors, and 1 sophomore. The season record was 12-12, thus making it the first season in 3 years that a Union basketball squad went .500. This was not the only accomplishment of this squad. It was the first squad in 7 years to win a trophy and place in the Bi-County tournament. Most importantly, this was one of the first squads to attain the goals which they had set.

We began our year by making it a major goal to be .500. A secondary goal for us was to place in a tournament. As we began the long trek for these goals. Suring the year, we defeated our arch-rival Southern at home and at Southern, plus we tripped-up La Harpe in the tournament and on their own floor, which was no easy task. However, the winning of 2nd place in the Bi-County Tournament and beating Avon in the Regionals were definitely highlights of our season.

We soon saw that throughout these victories and our defeats that we had something special. Something which very seldom comes along. We had all acquired a feeling or spirit. Call it the 'spirit of togetherness' or ''spirit of winning'' or whatever you like. We had it, and we were proud of it. The spirit had shown us what it meant to communicate without speaking, to trust others, and to hope with the knowledge that many of those hopes could come true. The players, and myself, who have gone through this season will never forget it. They earned and deserve all their accomplishments. Someday, when they are men, I will be proud and fortunate to have call me their coach and friend.
Thanks for a great season, people.

"Race you to the other end."

The 1978-79 Fresh-Soph team experienced a rough season winning only four games. Turnovers and poor rebounding plagued the team most of the season. Eight players saw extensive action during the year. Derek Simmons lead the team in scoring and Ed Simpson in rebounding. Forrest Olson was selected by his coach as the most improved player on the team. With five freshmen seeing considerable playing time, the outlook for next year is promising.

UHS Drama Club Presents "They Run In Our Family"

The Union High Dramatics Club sponsored the play ''They Run In Our Family'', presented September 28 and 30, 1978. It was a family comedy where Mom puts up with and supports her coach husband and zany kids, who are all sports enthusiasts – except for one, who is interested in the arts. Dad (Coach) wants to show, the townspeople that it's how you play the game that counts. When it comes to the final game, his trust in his team pay off with a victory. All involved join in together to show the town and the school board that playing sports is a way of life.

The Student Council sponsored four movies during the 1978-79 school year. The movies included, ''One on One,'''Smokey and the Bandit,''''Drive-In,'' and ''Oh, God.'' The cost of the movies was 50¢, and a collection of canned goods were donated to the Senior Citizens.

Profits from the movies went towards a new sound system. The system will benefit many other school activities.

The Student Council hopes that the student body enjoyed this year's movies, and that the student body will continue to support the movies during the 1979-80 school year as well as they have this year.

Homecoming was held on October 7, 1978. The Yankee football squad was pitted against the Yorkwood Bears, the final score was 14-6, with the Yankees on top. Following the game, the music was provided by Weird Harold's Disco. The Theme was ''Just The Way You Are'', and homecoming colors were brown, orange, and gold.

This year's attendants were as follows: Freshmen Tara Clark and Brad Lindo, Sophomores Denise Schultze and Brian Sterrett, and Juniors Karena Gibb and Marty Lant. Senior Candidates were Patti Eckley and Grant Gray, Kathy Thompson and Mark Ray, Cindy Allen and Scott Cooper, and Lisa John and David Blake. Patti Eckley and Grant Gray were crowned 1978 Homecoming King and Queen by last year's royalty Rob Eckley and Lisa Gray.

Rob Eckley and Lisa Gray.

When asked about homecoming, Queen Patti Eckley said, ''It was something that I really enjoyed, being crowned queen was a big thrill.'' King Grant added, ''I'm really proud that my fellow classmates voted me Homecoming King for 1978.''
