SPORTS

Can you imagine a Friday night in the fall without a football game? I didn't think so. For many students, their whole high school career revolves around sports...basketball, football, track...the list could go on. High school just wouldn't be the same without the pep rallies, bonfires, and 5th quarters.

A large group of students and faculty posing on a golf course. The group is arranged in several rows on a grassy area, with a line of tall evergreen trees in the background under a blue sky with light clouds. Some students are wearing green shirts, while others are in casual attire. A white vehicle is partially visible behind the group.
