LEARNING TO DO.

DOING TO LEARN,

EARNING TO LIVE,

LIVING TO SERVE

FFA accomplished a
lot this year. They put
on several successful
events including FFA
Week, many events at
the Henderson Co.
Fair, Ag Day,
countless contests,
and probably their
most important
accomplishment;
serving the faculty
delicious grilled food.

I/C T M

ICTM is a group of students who compete in the field of Mathematics against other students from all over the state of Illinois. They compete in many different areas including Geometry, Algebra, Calculus, Computer Science, and Engineering. But more importat than any of that is that they get to go on super fun field trips with Ms. Pepich and Ms. Smith...Smath.

Scholastic Bowl

Scholastic Bowl pits members of the student body against other schools in a competition of wits, reaction, and knowledge.

Pictured to the right are the senior members of the SchoBowl team Brandon Carter, Ethan Bigger, Nate Daniels, Kristen Rankin, and Matt Minkler.

The team was successful this year and was lead at the Varsity level by Brandon Carter in science, Kristen Rankin in Literature and spelling.

Ethan Bigger animal science, Brad Bavery in history, and Clay Pullen in foods and Pop Culture.

Bienvenidos Amigos! Spanish club offers a great opportunity for students to learn about Spanish culture and heritage. It also has frequent fiestas where you can experience the most important part of any culture- their food. So join Spanish club for the frijoles and abondagas.

B/a n d

The Band marches onto the field during one of the early football games.

Callyn loves to hang out with Allison Lafary- and hopefully will learn all Allison has to teach her.

Both the band and choir perform in many different venues throughout the year including LTC honor bands and choirs, IMEA district and honors choir and band, music contest, the Prime Beef Festival parade, football games, basketball games, Veterans Day concerts, Spring Concerts, Christmas concerts, etc. Do you get the idea that they are really really busy throughout the year??

Where would the team be without great coaches...

Practice makes perfect.

The seniors are the leaders of the team, and this years group made a huge impact. They kept the rest of the team motivated and showed great leadership.

Here is the football team. Ready for anything.

Sadie Louise Shawer

November 3, 1993-October 10, 2004

Sadie was liked by so many people because she was so sweet and kind to everyone. She loved spending time with her two sisters, her family, and her friends. Sadie loved the color purple and orange soda. Sadie's life was tragically cut short when she was involved in a car accident with a drunk driver. She was only 10 years old, but when I look back on the time I was privileged to have spent with her I am amazed at the number of fond memories we shared together. I will never forget you and I know our class will not either.

We Love and Miss You!

Special Thanks To:

First off I would like to thank my yearbook staff who worked many, many hours to make this book possible. They worked diligently and at many times went above and beyond the call of duty- even going so far as to come in after the school year was officially over to finish the book up. They put up with my weird taste in music and my complete lack of organizational skills. I would especially like to thank Mackenzie Olson and Maddy Muff who designed the entire book and put in several long days after school was out working on the book from home. I really couldn't do this without you two, thank you.

No less important are all the other faculty members who have saved me by donating many of the pictures you see in the book. Mr. Kerfoot, the Athletic Director, sent me literally hundreds of pictures of all of our sports teams and saved me from having to work so many hours in the evening. I cannot thank him enough for all of his help.

The other faculty member I want to single out is Mrs. Alexander. I have never met anyone who spends more time at the school than she does. She is, it seems, at every event the school puts on- and she usually has also prepared food for it. Not only does she prepare food, but she takes pictures and donates them to me. I want to thank Mrs. Alexander for doing this as many of the pages would look sparse without her pictures.

I would also like to thank my yearbook representative Jim Straub. Jim and the rest of the team from Walsworth Yearbooks have supported me through all of my issues and kept me on the right track throughout the year. I have never created a problem that Jim couldn't fix and I know I couldn't have finished the book without his vast amounts of assistance.

Last, but most certainly not least, I want to thank Deb Cole and her staff from Cole's Photography. Deb donates too many hours to count to the school to take professional quality pictures of our sporting events, graduation, dances, etc. And then to top it off she gives me most of the pictures for free. People do not understand how much this helps me, how rare it is for a school to have this opportunity, and how very much we should be thankful for her help. Please consider supporting her studio by having your senior pictures, baby pictures, and family photos taken by her. The yearbook and the school are very much in her debt.

Cole's Photography would like to extend it's warmest wishes to the Class of 2012!

Best of luck in all your future endeavors.
